AGENDA

PENINSULA CORRIDOR JOINT POWERS BOARD

Bacciocco Auditorium, 2nd Floor
1250 San Carlos Avenue, San Carlos CA 94070

January 3, 2013 – Thursday
10:00 a.m.

1. Pledge of Allegiance

2. Call to Order/Roll Call

3. Report from Nominating Committee (Cohen, Deal, Kalra) – Election of 2013 Officers

4. Public Comment
   Public comment by each individual speaker shall be limited to two minutes

5. Consent Calendar
   Members of the public or Board may request that an item under the Consent Calendar be considered separately
   a) Approval of Minutes of December 6, 2012
   b) Adoption of the Amended Conflict of Interest Code
   c) Authorize Execution of a Highway-Railroad Crossing Safety Account (HRCSA) Agreement to Receive $9 Million in Proposition 1B Highway-Railroad Crossing Safety Account Bond Funds from the California Department of Transportation for the San Mateo Bridges Project
   d) Authorize the Filing of Applications for State Proposition 1B Transit Security Grant Program Funds to Receive $939,246 in Fiscal Year 2012/2013 for Transportation Security Projects
   e) Authorize Entering into a Grant Agreement with the Bay Area Air Quality Management District to Receive an Award of Carl Moyer Funds, up to an Amount of $330,000 for the Wayside Power Project at the San Jose Diridon Caltrain Station

6. Chairperson’s Report
   a) Resolution of Appreciation to Outgoing Chair Adrienne Tissier

7. Report of the Citizens Advisory Committee

8. Report of the Executive Director

Page 1 of 3
9. Corridor Electrification Environmental Process  
INFORMATIONAL

10. Update on Federal Transit Administration Title VI Requirements  
INFORMATIONAL

11. Acceptance of Statement of Revenues and Expenses for November 2012  
MOTION

12. Adoption of a New Farebox Recovery Rate Goal of 45 to 65 Percent  
RESOLUTION

13. Authorize Exercise of Option 1(A), Phase 2, with Parsons Transportation Group to the Contract for a Communications-based Overlay Signal System/Positive Train Control in the Estimated Amount of $35.3 Million  
RESOLUTION

14. Authorize Award of Contracts to Holland & Knight, LLP in the Firm-Fixed Price of $300,000 and Kadesh & Associates, LLC for the Firm-Fixed Price of $265,404 to Provide Federal Legislative Advocacy Services for a Five-year Term  
RESOLUTION

15. Legislative Update  
INFORMATIONAL

16. Correspondence

17. Board Member Requests

18. General Counsel Report

19. Date/Time of Next Meeting: Thursday, February 7, 2013, 10 a.m. at San Mateo County Transit District Administrative Building, Bacciocchi Auditorium, 2nd Floor, 1250 San Carlos Avenue, San Carlos, CA 94070

20. Adjourn
INFORMATION FOR THE PUBLIC

All items appearing on the agenda are subject to action by the Board. Staff recommendations are subject to change by the Board.

If you have questions on the agenda, please contact the JPB Secretary at 650.508.6242. Agendas are available on the Caltrain website at www.caltrain.com.

Location, Date and Time of Regular Meetings

Regular meetings are held at the San Mateo County Transit District Administrative Building located at 1250 San Carlos Ave., San Carlos, which is located one block west of the San Carlos Caltrain Station on El Camino Real. The building is also accessible by SamTrans bus Routes: 260, 295, 390, 391, and KX.

The JPB meets regularly on the first Thursday of the month at 10 a.m. The JPB Citizens Advisory Committee meets regularly on the third Wednesday of the month at 5:40 p.m. at the same location. Date, time and place may change as necessary.

Public Comment

If you wish to address the Board, please fill out a speaker’s card located on the agenda table and hand it to the JPB Secretary. If you have anything that you wish distributed to the Board and included for the official record, please hand it to the JPB Secretary, who will distribute the information to the Board members and staff.

Members of the public may address the Board on non-agendized items under the Public Comment item on the agenda. Public testimony by each individual speaker shall be limited to two minutes and items raised that require a response will be deferred for staff reply.

Accessibility for Individuals with Disabilities

Upon request, the JPB will provide for written agenda materials in appropriate alternative formats, or disability-related modification or accommodation, including auxiliary aids or services, to enable individuals with disabilities to participate in public meetings. Please send a written request, including your name, mailing address, phone number and brief description of the requested materials and a preferred alternative format or auxiliary aid or service at least two days before the meeting. Requests should be mailed to the JPB Secretary at Peninsula Corridor Joint Powers Board, 1250 San Carlos Avenue, San Carlos, CA 94070-1306; or emailed to board@caltrain.com; or by phone at 650.508.6242, or TDD 650.508.6448.

Availability of Public Records

All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that are distributed to a majority of the legislative body will be available for public inspection at 1250 San Carlos Avenue, San Carlos, CA 94070-1306, at the same time that the public records are distributed or made available to the legislative body.

MEMBERS ABSENT: J. Cisneros

Chair Adrienne Tissier called the meeting to order at 10:04 a.m. and led the Pledge of Allegiance.

PUBLIC COMMENT
Vaughn Wolfe, Pleasanton, said staff can’t predict ridership growth when fares are increased and on-time performance decreases, but ridership still increases. He said with the fiscal cliff looming the Metropolitan Transportation Commission (MTC) should seek an increase in the Federal gas tax. Mr. Wolfe said with the supermajority in the State Legislature it might be time to push for a state bank.

Doug DeLong, Mountain View, said Caltrain is experiencing a success disaster. There is a very pressing, much shorter term problem that needs to be addressed. He said there needs to be a list of options for the Board to consider addressing the crush of passengers and poor on-time performance.

Jeff Carter, Millbrae, said ridership keeps going up and unfortunately the design of the gallery cars slows boarding. He thanked the Silicon Valley Community Foundation (SVCF) for helping to bring the Holiday Train back this year.

Roland LeBrun, San Jose, said thank you for listening to people and showing how High Speed Rail (HSR) can run to the Downtown Extension. He said staff is proposing to close Quint Street and replace the bridge with a berm. Mr. LeBrun said the consultants have completely ignored the Station Master Plan including access to the Transbay Terminal if there are no passing tracks. He said it would be nice if a member of the public could have access to audio visual equipment at Board meetings.

CONSENT CALENDAR
Public Comment
Roland LeBrun, San Jose said on page 8 of 10 he was referring to deliverables not variables.

Doug DeLong, Mountain View said on page 9, his comment supporting the choice of
the ITS architecture for the Communications-based Overlay Signal System (CBOSS) being an off the shelf solution that is in service on some existing properties in Michigan and Illinois was omitted.

a. Approval of Amended Minutes of November 1, 2012

A motion (Nolan/Kniss) to approve the consent calendar was approved unanimously.

CHAIRPERSONS REPORT
Appointment of Nominating Committee for 2013 Officers
Chair Tissier said she is appointing Directors Malia Cohen, Jerry Deal and Ash Kalra to the Nominating Committee.

Resolution of Appreciation to Outgoing Director Liz Kniss
Chair Tissier presented Director Liz Kniss with a Resolution of Appreciation and a train plaque.

A motion (Lloyd/Nolan) to approve the Resolution of Appreciation to Outgoing Director Liz Kniss was approved unanimously.

Director Kniss thanked everyone and said it was an extraordinary experience being part of this Board. She hopes ridership increases get people off the roads to reduce greenhouse gases.

Public Comment
Adina Levin, Friends of Caltrain, said it is sad to see Director Kniss leave the Board. It was great to see someone on the Board using the service.

REPORT OF THE CITIZENS ADVISORY COMMITTEE (CAC)
CAC Chair Paul Bendix said at its November 14 meeting, the CAC:

- Received a presentation on Caltrain Modernization from Director, Government and Community Affairs Seamus Murphy. The CAC learned the mechanism for using San Mateo County Transportation Authority Measure A funds for grade separations.
- The committee representative from Gilroy said there is a housing boom and more incentives are in place for transit friendly housing, but there is less transit with cuts from Caltrain and Santa Clara Valley Transportation Authority (VTA).

REPORT OF THE EXECUTIVE DIRECTOR
Executive Director Michael Scanlon reported:

- Thanked Director Kniss for her service, saying she displayed extraordinary courage by supporting the nine-party Memorandum of Understanding (MOU) while running for local office in the city of Palo Alto.
- October numbers should be tempered by the Giants Post-Season and World Series parade, which led to unusually large ridership increases for the month because those events didn’t occur in 2011.
- Key Caltrain Performance Statistics
Monthly Performance Statistics – October 2012 compared to October 2011
- Total Ridership was 1,428,466, an increase of 24 percent.
- Average Weekday Ridership was 51,716, an increase of 21.3 percent.
- Total Revenue was $6,409,705, an increase of 33.3 percent.
- On-time Performance was 83 percent, a decrease of 11.9 percent.
- Caltrain Shuttle Ridership was 9,187, an increase of 19.7 percent.

Year-to-date Performance Statistics – October 2012 compared to October 2011
- Total Ridership was 5,374,863, an increase of 12.9 percent.
- Average Weekday Ridership was 49,945, an increase of 12.7 percent.
- Total Revenue was $24,075,236, an increase of 19.7 percent.
- On-time Performance was 89 percent, a decrease of 4.2 percent.
- Caltrain Shuttle Ridership was 8,820, an increase of 28.8 percent.

- The system is pretty stretched and strained. In November, 16 days operated at 95 percent and the other half over 95 percent. Staff is watching the on-time performance very closely.
- The Bicycle Advisory Committee met on November 15 and received presentations on real-time information and ticket vending machine (TVM) replacement. Election of officers will take place at the January 17 meeting.
- A Sunday service was operated on Thanksgiving Day and a Saturday service for the day after. Ridership was up significantly, but less than a normal weekday.
- Baseball service was provided for the Red Bull Flugtag Challenge with an additional 7,300 riders.
- Upcoming special service:
  - Baseball service will be provided for the Kraft Fight Hunger Bowl at AT&T Park on December 29 featuring Navy and Arizona State.
  - Regular service will be operated on Christmas Eve.
  - A Sunday schedule will operate on New Year’s Day. Four post-fireworks specials will operate on New Year’s Eve with free fares after 11 p.m.
- Work on the San Bruno Grade Separation Project continues.
- Train and station advertising continues to be a good story. Samsung has a wrapped train running through the end of December. This is an eight week campaign bringing in about $70,000. They also are participating in an advertising saturation at the San Francisco 4th and King Station and this five month campaign generated $62,000 in revenue.
- Customer Satisfaction Survey is occurring now and is an important part of the TransitAmerica Services contract.
- The Holiday Train returned on December 1 and 2. The SVCF donated $50,000 to help bring back the event. Approximately 3,000 toys were collected. Biggest collection locations were Mountain View, San Mateo, Menlo Park and Burlingame. For the first time the Holiday Train had a fundraising component and an additional $30,000 has been raised. Executive Officer, Public Affairs Mark Simon showed a few pictures from the event.
- The reading file contains correspondence and the October Safety and Security Report.
Caltrain Modernization Program
Executive Officer, Caltrain Modernization Program Marian Lee said staff has been working on the JPB agreement with California High Speed Rail Authority (CHSRA). The nine MOU partners have all signed on and staff has been working with the partners at a staff level to help guide and advance the project. Staff has also been meeting with representatives of the 17 cities and three counties along the corridor on a regular basis.

Ms. Lee said an agreement has been reached on the scope and approach of the electrification environmental document. Staff has agreed to environmentally clear corridor electrification infrastructure which directly benefits both Caltrain and HSR. The environmental document will analyze Caltrain’s increase in service. Ms. Lee said staff is targeting the Notice of Preparation for release in mid-January, which officially kicks-off the public process and staff anticipates bringing the consultants, ICF, to the Board meeting in January to provide more detailed information.

Ms. Lee said staff will be making public presentations on the blended system planning and the first one will be at the local policymaker meeting. This meeting is comprised of elected officials representing the 17 cities and three counties impacted by modernization directly and will hold regular meetings the fourth Thursday of each month at 6 p.m. Due to the holiday, the December meeting will be on the 20th.

Director Kniss said she is constantly asked what the system will look like. Ms. Lee said when the Notice of Preparation is released in January it will clearly define the scope of the early investment as well as some level of what is known of the blended system. Mr. Scanlon said staff has renderings now that can be shown if people are interested. Director Kniss said drawings would be good so people can see what will be going through their city. Mr. Scanlon asked the renderings be sent to Director Kniss with disclosure language and also shown to the Board at the next meeting.

Mr. Scanlon read a memo from VTA’s General Manager, Michael Burns, on Mike Nevin’s passing. Mr. Burns said he was sorry to hear about Mr. Nevin. He was a good man and a stalwart supporter of Caltrain. He will always remember him pushing to reduce the fatalities and suicides on the tracks. Mr. Burns noted that Mr. Nevin was never one to seek public recognition. He was fighting for what he thought was right.

Public Comment
Adina Levin, Friends of Caltrain, said if there is anything from the staff level discussions of Caltrain Modernization such as agendas or outcomes that could be made available to the public or if the meetings are open to the public it would help the public’s concerns. She said one reason for not having level boarding is an obsolete rule from the freight industry that requires the ability of a freight worker to hang off the train to look for oncoming cows. It may take administrative or legislative action to eliminate this rule.

Roland LeBrun, San Jose, said he has a video that shows a HSR train passing a local train at 145 miles per hour in a passing station with only 3,500 feet of track.
ACCEPTANCE OF STATEMENT OF REVENUES AND EXPENSES FOR OCTOBER 2012

Deputy CEO Gigi Harrington said operating and fare revenue is over budget by $3.3 million. Staff will continue to recommend rolling any surplus from this fiscal year into next fiscal year. Expenses are slightly under budget by $1.3 million. Last week fuel was $3.11 per gallon and year to date is $3.22 per gallon. The JPB received $36,000 in November and year to date has received $251,000 from the fuel hedge.

Public Comment
Roland LeBrun, San Jose, said line 16 shows grand total revenue of $40.5 million and line 47 shows total expenses of $36 million. He said there is a $4.5 million surplus in the first four months of Fiscal Year (FY) 2013 and if you multiply by three there should be an annual surplus of $13.5 million. This is the same amount as the total operating subsidy on line 14, including the $11 million for the JPB partners. This shows the JPB is getting close to operating a Caltrain system that will not need a permanent funding source.

A motion (Lloyd/Nolan) to accept the October 2012 statement was approved unanimously.

AUTHORIZE AN AMENDMENT TO INCREASE THE FISCAL YEAR 2013 CAPITAL BUDGET FOR THE COMMUNICATIONS-BASED OVERLAY SIGNAL SYSTEM IN THE AMOUNT OF $50.5 MILLION FROM $39,093,085 TO $89,593,085

Ms. Harrington said the Board received a presentation on the status of the project last month. When the CBOSS contract was approved in October 2011 it was a three-phase contract and staff was asked to come back to the Board to approve each option. The project is now fully funded through the early investment strategy. Ms. Harrington said the Notice to Proceed was issued in February 2012 and the project is currently in Phase 1, critical design. Staff expects this to be completed in February 2013 and will be asking the Board next month to approve Option 2 for the next set of design work. Ms. Harrington said today’s action is a $50 million budget amendment that funds Option 2 and includes $40 million that was approved by the California Transportation Commission this fall, $9 million from the partner agencies and a small amount of Federal money to get to the $50 million.

Public Comment
Jeff Carter, Millbrae, said he has asked numerous times if staff could give a public presentation comparing CBOSS with the Positive Train Control used by freight and Union Pacific.

Roland LeBrun, San Jose, said he wrote a letter to the Board asking for specific information, including a breakdown by seconds on how headways are calculated. He would like the Staff Coordinating Council to identify themselves and what company they work for.

A motion (Nolan/Kniss) to amend the Fiscal Year 2012 Capital Budget for the Communications-based Overlay Signal System in the amount of $50.5 million was approved unanimously.
AUTHORIZE FILING AN APPLICATION TO THE METROPOLITAN TRANSPORTATION COMMISSION TO PROGRAM FEDERAL FUNDS FOR CALTRAIN CAPITAL PROJECTS

Manager, Grants and Fund Programming Joel Slavit said this item is to submit applications to MTC to program Federal funds for FY2013 and FY2014 to be included in future FTA grants in support of the Caltrain Capital Program. The funding will help support track rehabilitation, replacement of San Mateo railroad bridges, signal and communication rehabilitation and upgrade, and initial funding for the replacement of the TVMs. These projects will help ensure the system is maintained in state of good repair, consistent with the Caltrain Improvement Program as well as MTC’s transit capital priorities funding criteria which support state of good repair for transit operators. Mr. Slavit said the total amount of Federal funding the JPB is proposing is $30 million, the maximum amount that can be received under the MTC’s transit capital priorities process.

A motion (Kalra/Deal) to authorize filing an application to the Metropolitan Transportation Commission to program Federal funds for Caltrain capital projects was approved unanimously.

JPB AND CALIFORNIA HIGH SPEED RAIL AUTHORITY AGREEMENT

Ms. Lee said the JPB and the CHSRA have a 2004 MOU and a 2009 Amendment that is outdated and needs to be updated. This new agreement would replace the outdated arrangement with CHSRA and the key proposed principles will be included in the agreement. Staff has been working with the CHSRA in developing these principles and a policy framework that confirms Caltrain and HSR’s agreement in working together to advance the blended system in the corridor and for Caltrain to lead and implement the Early Investment Program. This framework will update the JPB’s specific agreement with CHSRA and will sync up with the nine-party regional funding MOU. Ms. Lee said staff is planning on coming back for action in January or February. The CHSRA staff is presenting a similar agreement today at their Board meeting action in February.

Public Comment

Jim Bigelow, Redwood City/San Mateo County and Menlo Park Chamber of Commerce, said the principles in this document are timely with the passing of Senate Bill 1029. He said $1.456 billion is to buy $440 million of electric trains, the second part was for CBOSS and the third part is to electrify the system. There is nothing for tunnels or grade separations. What is being discussed is a basic system that Caltrain has been trying to do for years. Mr. Bigelow thanked Mr. Nevin for all his service to Caltrain and wished the Board Happy Holidays.

Roland LeBrun, San Jose, said there is a big red flag here that CHSRA is the lead agency and it must be stopped or everything Ms. Lee did over the last two years will be destroyed.

Adina Levin, Friends of Caltrain, said they are hosting a community meeting to offer people an opportunity to provide feedback on the MOU. She said it is great that Caltrain is acknowledged as the lead agency and if passing tracks are incorporated into the document Caltrain needs to be the lead agency on this issue too.
Jeff Carter, Millbrae, said there is current demand for Caltrain service and the future may be Caltrain and HSR service. Staff shouldn’t limit themselves to two tracks as there may be a need for four tracks. Staff should publish the Caltrain right of way widths to ease people’s fears.

LEGISLATIVE UPDATE

Federal
Mr. Simon said at the Federal level Congressman Bill Shuster (R-PA) was appointed to chair the House Transportation and Infrastructure Committee. This is a good sign from Republican leadership since the reauthorization of the Federal Rail Program is one of the issues likely to be taken up this year. Congressman Shuster is widely regarded as a strong vote in support of rail. Mr. Simon said Senator Barbara Boxer (D-CA) will remain chair of Environment and Public Works. This puts her in a significant leadership position for transportation. She was a key author of the recently passed transportation reauthorization legislation. He said last year California House Republicans sponsored a provision that would block any further Federal funds to the CHSRA. That provision was not included in the transportation bill, but Congressman Kevin McCarthy (R-CA), who is the third ranking Republican in the House, has just revived that ban and wants to make the ban part of the appropriation package that would emerge from the budget negotiations.

State
Mr. Simon said at the State level the new legislative session began on December 3. Committee assignments are still pending, but newly appointed Assemblyman Kevin Mullin has already been named Assistant Speaker pro Tempore and staff is hearing newly elected Senator Jerry Hill will be named to the Transportation Committee. He said members have already introduced legislation and two bills are of particular importance. SCA 4 would place a measure on the statewide ballot to lower the threshold for local transportation sales tax measures from two-thirds to 55 percent. Senate Bill 11 and Assembly Bill 8 would reauthorize the Carl Moyer Program, a regionally administered air quality improvement program that is a component of the Caltrain Modernization Funding Plan and included in the blended system MOU.

Mr. Simon said Mr. Nevin was an advocate for transportation in the halls of Congress and the Legislature and will be missed.

CAPITAL PROJECTS QUARTERLY STATUS REPORT – 1ST QUARTER FISCAL YEAR 2013
Ms. Harrington said this is an informational item.

Public Comment
Greg Conlon, Atherton, said that high priority needs to be given to hold-out rule station improvements to avoid an incident similar to the one that occurred in South San Francisco

CORRESPONDENCE
No discussion.
BOARD MEMBER REQUESTS
Director Tom Nolan said December 28 is the 100th anniversary of San Francisco Muni and free service will be provided all day.

Director Jerry Deal said he rode the Holiday Train both days. He said Burlingame has an e-mail blast and for three weeks prior to the event e-mails were sent regarding the event and that is why Burlingame had such great attendance. He would encourage other Board members to do the same next year with their cities newsletters. Director Deal thanked Community Relations Officer Tasha Bartholomew for her efforts.

DATE/TIME/PLACE OF NEXT MEETING
The next meeting will be Thursday, January 3, 2013, 10 a.m. at San Mateo County Transit District Administrative Building, Bacciocco Auditorium, 2nd Floor, 1250 San Carlos Avenue, San Carlos, CA 94070.

Chair Tissier asked that the meeting be adjourned in memory of Mr. Nevin. He was truly known as Mr. Transportation.

GENERAL COUNSEL REPORT
a. Closed Session: Conference with Legal Counsel – Existing Litigation Pursuant to Government Code Section 54956.9(a): Mountain States Steel, Inc. vs. Disney Construction, Inc.; Safeco Insurance Company of America; Peninsula Corridor Joint Powers Board (Caltrain); and DOES 1-25; San Mateo County Superior Court Case No. CIV516389

Legal Counsel David Miller said the Board will be meeting in closed session to discuss pending litigation.

Adjourned to closed session at 11:23 a.m.
Reconvened to open session at 11:33 a.m.

Mr. Miller said the Board met in closed session as permitted by the Brown Act to hear a report from legal counsel involving the Jerrold Avenue Bridge Replacement Project. He said the resolution would increase the change authority to the Executive Director to implement the agreement that has been reached. Mr. Miller said the resolution is within the previously approved project budget so no additional budget authority is required to implement this agreement.

A motion (Nolan/Kalra) to authorize an amendment to the Jerrold Avenue Bridge Replacement Project contract was approved unanimously.

Adjourned at 11:36 a.m. in memory of Mike Nevin.
PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: Martha Martinez
JPB Secretary

SUBJECT: ADOPTION OF AMENDED CONFLICT OF INTEREST CODE

ACTION
Staff Coordinating Council (SCC) recommends the Board adopt the Amended Conflict of Interest Code, which was presented to the Board at its November 1, 2012 meeting.

SIGNIFICANCE
The California Political Reform Act, Government Code Section 87306.5 requires public agencies to review their Conflict of Interest Code in each even-numbered year to ensure they are up to date and meet the current legal requirements.

The attached Conflict of Interest Code has been reviewed and revised by Legal Counsel and staff to conform to the positions and responsibilities for the JPB, and to conform to recent Fair Political Practices Commission (FPPC) regulations and advice regarding designated positions and disclosure categories applicable to such positions.

A “Notice of Intention to Amend the Conflict of Interest Code,” providing for a 45-day written comment period, was posted following the November 1, 2012 meeting in accordance with the regulations of the FPPC and no comments were received. After the Board adopts the Code, it will be sent to the FPPC for review and approval.

BUDGET IMPACT
There is no impact to the budget.

BACKGROUND
1. The list of designated positions has been updated to delete the following positions because they no longer exist:
   Manager, Government Affairs
   Manager, Planning and Research

2. The list of designated positions has been updated to include the following new positions, which involve the making or participating in the making of decisions that may foreseeably have a material effect on financial interests, as defined in the
Political Reform Act and implementing regulations:
Director, Government and Community Affairs
Director, Planning
Labor Compliance Officer
Manager, Transportation Communications (Rail)
Senior Real Estate Officer

3. The list of designated positions has been updated to reflect current positions:
Manager, Communications (formerly Manager, Community Relations)
Executive Officer, Caltrain Modernization Program (formerly Peninsula Rail Program)

4. The disclosure categories have been updated to conform to recent FPPC guidance regarding narrowly tailoring disclosure requirements to cover financial interests that could lead to a conflict of interest in the performance of duties on behalf of the JPB.

Prepared By: Martha Martinez 650.508.6242
PENINSULA CORRIDOR JOINT POWERS BOARD

CONFLICT OF INTEREST CODE

Adopted on February 7, 1990 by Resolution No. 1990-1
Approved by the California Fair Political Practices Commission on October 3, 1990

Amended on December 2, 1992 by Resolution No. 1992-59
Approved by the California Fair Political Practices Commission on July 6, 1993

Amended on March 2, 1995 by Resolution No. 1995-15
Approved by the California Fair Political Practices Commission on March 31, 1995

Amended on December 5, 1996 by Resolution No. 1996-44
Approved by the California Fair Political Practices Commission on April 14, 1997

Amended on December 7, 1998 by Resolution No. 1998-57
Approved by the California Fair Political Practices Commission on May 20, 1999

Amended on December 18, 2000 by Resolution No. 2000-55
Approved by the California Fair Political Practices Commission on July 17, 2001

Amended on January 9, 2003 by Resolution No. 2003-1
Approved by the California Fair Political Practices Commission on September 6, 2004

Amended on December 2, 2004 by Resolution No. 2004-39

Amended on December 7, 2006 by Resolution No. 2006-50

Amended on February 5, 2009 by Resolution No. 2009-2
Approved by the California Fair Political Practices Commission on July 28, 2009

Amended on January 6, 2011 by Resolution No. 2011-1
Approved by the California Fair Political Practices Commission on December 18, 2011
PENINSULA CORRIDOR JOINT POWERS BOARD

CONFLICT-OF-INTEREST CODE

The Political Reform Act (Government Code Section 81000, et seq.) requires state and local government agencies to adopt and promulgate conflict-of-interest codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. Sec. 18730) that contains the terms of the standard conflict-of-interest code and can be incorporated by reference in an agency's code. After public notice and hearing it may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Appendices, designating positions and establishing disclosure categories, shall constitute the conflict-of-interest code of the Peninsula Corridor Joint Powers Board (Board).

Individuals holding designated positions shall file their statements of economic interests with the San Mateo County Transit District (SamTrans), a member of the Board; SamTrans, on behalf of the Board, will make the statements available for public inspection and reproduction. (Gov. Code Sec. 81008.) All statements will be retained by SamTrans on behalf of the Board.

Consultants/New Positions                      *

**Note:** All positions are filled by San Mateo County Transit District employees, but act in a staff capacity for the Board.

*Consultants/New positions are included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code subject to the following limitation:

The Executive Director may determine in writing that a particular consultant or new position, although a “designated position,” is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant or new position’s duties and, based upon that description, a statement of the extent of disclosure requirements. The Executive Director’s determination is a public record and shall be retained for public inspection in the same manner and location as this conflict-of-interest code. (Gov. Code Section 81008.)

**Officials Who Manage Public Investments**

It has been determined that the positions listed below manage public investments and will file a statement of economic interests pursuant to Government Code Section 87200. These positions are listed for informational purposes only:

- Board Members
- Executive Director
- Deputy CEO, Finance and Administration

An individual holding one of the above-listed positions may contact the Fair Political Practices Commission for assistance or written advice regarding their filing obligations if they believe their position has been categorized incorrectly. The Fair Political Practices Commission makes the final determination whether a position is covered by Government Code Section 87200.
APPENDIX B
DISCLOSURE CATEGORIES

Category 1: All interests in real property located within the jurisdiction or within two miles of the boundaries of the jurisdiction or within two miles of any land owned or used by the Board.

Category 2: Investments and business positions in business entities and sources of income (including gifts, loans, and travel payments), from sources, that provide services, supplies, materials, machinery, or equipment of the type utilized by the Board or in projects funded by the Board. Such sources include but are not limited to, rail, insurance and information technology/telecommunication products.

Category 3: Investments and business positions in business entities, and sources of income, including loans, gifts, and travel payments, from, entities that filed a claim against the Board during the previous two years, or have a claim pending against the Board.

Category 4: Investments, and business positions in business entities and income (including receipt of gifts, loans, and travel payments) from sources of the type that provide services in the marketing, advertising, transit or environmental planning sectors.

Category 5: Investments, and business positions in business entities and income (including receipt of gifts, loans, and travel payments) from sources of the type that provide supplies, material, machinery, or equipment utilized by the designated position’s division.
RESOLUTION NO. 2013-

BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

ADOPTING THE AMENDED CONFLICT OF INTEREST CODE

WHEREAS, pursuant to Resolution No. 1990-1, dated February 7, 1990, the Peninsula Corridor Joint Powers Board (JPB) adopted a Conflict of Interest Code as required by the Political Reform Act of 1974 (Code); and

WHEREAS, California Government Code Section 87306.5 requires that the JPB review its Code every even-numbered year and revise it if necessary; and

WHEREAS, Legal Counsel and Staff have reviewed the current Code, last amended in 2011, and have amended the Appendices to the Code to conform to the positions and responsibilities for the JPB, and to conform to recent Fair Political Practices Commission (“FPPC”) regulations and advice regarding designated positions and disclosure categories applicable to such positions; and

WHEREAS, in accordance with regulations of the FPPC, notice of a 45-day comment period was posted and ended on December 17, 2012 with no comments having been received on the Amended Code; and

WHEREAS, Legal Counsel and Staff recommend adopting the amendments as reflected in the attached Code.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Peninsula Corridor Joint Powers Board that the amended Code is adopted.

Regularly passed and adopted this 3rd day of January 2013, by the following vote:

AGENDA ITEM # 5 (c)
JANUARY 3, 2013

PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: April Chan
Executive Officer, Planning and Development

SUBJECT: AUTHORIZE EXECUTION OF HIGHWAY-RAILROAD CROSSING SAFETY
ACCOUNT (HRCSA) AGREEMENTS

ACTION
Staff Coordinating Council (SCC) recommends the Board authorize the
Executive Director, or his designee, to execute a baseline agreement and
subsequent funding agreement for $9 million in Proposition 1B Highway-Railroad
Crossing Safety Account (HRCSA) funds to help fund the completion of the
San Mateo Bridges Grade Separation project.

SIGNIFICANCE
The California Transportation Commission (CTC), at its September 28, 2012
meeting, adopted the 2012 HRCSA program of projects, which included
$9 million for the San Mateo Bridges Grade Separation Project. The San Mateo
bridges consist of railroad bridges over Santa Inez, Poplar, Tilton and
Monte Diablo avenues in the City of San Mateo. The HRCSA funds will enable
the JPB to complete state of good repair work on the San Mateo bridges,
consistent with its capital improvement program. The JPB previously received
funding from the HRCSA program, which was used to help retrofit the abutments
and foundations of the San Mateo Bridges. The current round of HRCSA funding
will be used to help fund the replacement of the bridge superstructures.

BUDGET IMPACT
The total projected cost of the work to replace the bridge superstructures is
$30 million. The $9 million in HRCSA funds will underwrite a portion of the costs.
This grant will be included as part of the Fiscal Year 2014 Capital Budget process.
The balance of the funding will consist of Federal funds to be programmed by
the Metropolitan Transportation Commission as well as JPB member agency
matching funds.
**BACKGROUND**

Proposition 1B, passed by California voters on November 7, 2006, included an initial amount of $250 million for the 2008 HRCSA program to fund the construction of high-priority grade separation and railroad crossing safety improvements. The CTC has programmed a remaining balance of approximately $40 million for the 2012 HRCSA program from prior year HRCSA programmed projects that were either not able to meet program delivery requirements or from cost savings associated with completed projects.

The California State Department of Transportation has required all project sponsors programmed to receive Proposition 1B HRCSA funds to enter into baseline agreements by January 9, 2013. The baseline agreements document the projected cost, schedule, scope, and benefits of the project and certify that the sponsor will be able to carry out the project. Sponsors will enter into subsequent funding agreements after the CTC approves an allocation of the funds for construction.

RESOLUTION NO. 2013-

BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

***

AUTHORIZING THE EXECUTION OF A HIGHWAY-RAILROAD CROSSING SAFETY ACCOUNT (HRCSA) AGREEMENT

WHEREAS, the Peninsula Corridor Joint Powers Board is programmed to receive $9,000,000 in Proposition 1B Highway-Railroad Crossing Safety Account (HRCSA) Bond funds from the California Department of Transportation (Caltrans) for the San Mateo Bridges Project; and

WHEREAS, the California Transportation Commission (Commission) HRCSA Guidelines require the project sponsor, and any entity committed to providing supplementary funding for the project, to execute a HRCSA Project Baseline Agreement (Baseline Agreement) with Caltrans to confirm the project scope, benefits, delivery schedule, and cost; and

WHEREAS, the HRCSA Guidelines also require the project sponsor receiving a Commission allocation to agree to secure funds for any unfunded portions of the project and to acknowledge that any changes to the funding commitments outlined in the Baseline Agreement will require an amendment; and

WHEREAS, the HRCSA Guidelines also require the project sponsor receiving a Commission allocation to execute a HRCSA Funding Agreement (Funding Agreement) with Caltrans before the project sponsor can be reimbursed for project expenditures; and

WHEREAS, the Department utilizes the Baseline Agreement and the Funding Agreement for the purpose of administering and reimbursing intercity rail funds to local agencies; and

WHEREAS, staff recommends that the Peninsula Corridor Joint Powers Board authorize the Executive Director or his designee to execute the Baseline Agreement and any amendments thereto, and the subsequent Funding Agreement, in the amount of $9 million.
NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Peninsula Corridor Joint Powers Board hereby agrees to comply with all conditions and requirements set forth in the Baseline Agreement, the Funding Agreement, HRSCA Guidelines, and applicable statutes and regulations for the Proposition 1B Highway-Railroad Crossing Safety Account Bond-funded projects; and

BE IT FURTHER RESOLVED the Board of Directors of the Peninsula Corridor Joint Powers Board hereby authorizes the Executive Director or his designee to:

1. Execute the HRCSA Project Baseline Agreement and any amendments thereto.
2. Execute the HRCSA Funding Agreement and any amendments thereto.
3. Provide any other documentation that may be required or take such actions that may be necessary to give effect to this resolution.

Regularly passed and adopted this 3rd day of January 2013, by the following vote:

AYES:

NOES:

ABSENT:

_____________________________________
Chair, Peninsula Corridor Joint Powers Board

ATTEST:

_______________________
JPB Secretary
TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: April Chan
Executive Officer of Planning and Development

SUBJECT: AUTHORIZE THE FILING OF APPLICATIONS FOR STATE PROPOSITION 1B TRANSIT SECURITY GRANT PROGRAM FUNDS

ACTION
Staff Coordinating Council (SCC) recommends the Board authorize the Executive Director, or his designee, to submit grant applications, with concurrent Letter of No Prejudice (LONP) requests, to the State of California Emergency Management Agency (CalEMA) and to file and execute certifications and assurances and other required documentation to receive $939,246 in Fiscal Year (FY) 2012/2013 Proposition 1B California Transit Security Grant Program (CTSGP) funds from the State for transportation security projects.

SIGNIFICANCE
CalEMA requires eligible recipients of Proposition 1B CTSGP funds to submit resolutions approved by their governing bodies authorizing designated agency officer(s) to execute any action necessary for the processing of applications associated with the programming and receipt of funds. Approval of this item will meet CalEMA’s CTSGP funding requirements.

Due to the ongoing State fiscal crisis, the State Controller has not been able to sell a sufficient amount of bonds to fully fund all Proposition 1B capital projects around the State. Should funding not be available at the time the JPB files its funding applications, the LONP would enable the JPB to proceed with work utilizing its own funds, and be reimbursed once bond proceeds become available.

BUDGET IMPACT
There is no budget impact related to this action. Proposed projects to be funded with Proposition 1B CTSGP funds may include right-of-way fencing, enhanced lighting at stations, emergency communications equipment, access control improvements at Caltrain facilities, and the installation of closed circuit television cameras (CCTVs) at Caltrain stations. It is anticipated these projects will be vetted through the upcoming FY 2014 Capital Budget development cycle.
Staff expects the projects selected through this process will be funded with 100 percent Proposition 1B CTSGP monies since these grant funds do not require a local match.

**BACKGROUND**
The Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006, otherwise known as Proposition 1B, was approved by California voters on November 7, 2006. Proposition 1B includes a funding program specifically for transit safety and security projects, known as the California Transit Security Grant Program (CTSGP). The State Controller develops a list of eligible transit operators and the amount of funds that each operator is eligible to receive on an annual basis. Funding allocations are contingent on bond sales, which have been delayed in recent years due to the State’s current fiscal environment.

Board authorization for the filing of applications by an agency’s appointed agent is a CalEMA requirement. To allow greater flexibility, CalEMA does not require applicants to list each project on its governing body resolution. The certified resolution will be filed with CalEMA after adoption by the Board.

RESOLUTION NO. 2013 -

BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

* * *

AUTHORIZING THE FILING OF APPLICATIONS FOR STATE PROPOSITION 1B
TRANSIT SECURITY GRANT PROGRAM FUNDS

WHEREAS, the California Transit Security Grant Program (CTSGP) is a program for capital security and safety projects that is part of the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, otherwise known as Proposition 1B, which was approved by California voters on November 7, 2006; and

WHEREAS, the CTSGP is administered by the California Emergency Management Agency (CalEMA); and

WHEREAS, the State Controller develops an annual list of eligible transit operators with the amounts that each eligible operator is programmed to receive; and

WHEREAS, the Peninsula Corridor Joint Powers Board (JPB) is on a list of eligible recipients for CTSGP funds; and

WHEREAS, CalEMA requires all eligible recipients of CTSGP funds to submit resolutions, approved by their governing bodies, authorizing appointed agents to take any actions necessary for the processing of applications; and

WHEREAS, due to a lack of available bond funding for new projects, the State Controller’s Office may be unable to allocate CTSGP funds in a timely manner; and

WHEREAS, AB 672, signed by the Governor on October 11, 2009, authorizes approval of a Letter of No Prejudice (LONP), which allow an eligible applicant to expend its own funds to proceed with work on CTSGP-eligible project and be reimbursed once CTSGP funds are available; and
WHEREAS, staff recommends the Board authorize the Executive Director, or his designee, to submit applications for Fiscal Year (FY) 2012 CTSGP funds, with concurrent LONPs and to file and execute certifications and assurances and any other documentation required by CalEMA.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the JPB, hereby:

1. Authorizes the Executive Director, or his designee, to file applications and concurrent LONPs with CalEMA for FY2013 Proposition 1B CTSGP funds; and
2. Authorizes the Executive Director, or his designee, to take such actions as may be necessary to give effect to this resolution, including executing any agreements, certifications and assurances or other documentation that may be required to receive the funds.

JPB Secretary
TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: April Chan
Executive Officer, Planning & Development

SUBJECT: AUTHORIZATION TO ENTER INTO A GRANT AGREEMENT WITH THE BAY AREA
AIR QUALITY MANAGEMENT DISTRICT TO RECEIVE CARL MOYER FUNDS

ACTION
Staff Coordinating Council (SCC) recommends the Board authorize the Executive
Director, or his designee, to execute a grant agreement with the Bay Area Air Quality
Management District (Air District) to receive Carl Moyer funds, in an amount up to
$330,000, to help fund the wayside power project at the San Jose Diridon Caltrain
Station.

SIGNIFICANCE
JPB staff has worked with staff at the Air District to receive a favorable approval from
the California Air Resources Board (CARB) regarding the eligibility of Carl Moyer funds
for locomotive wayside power. As a result, the Air District approved an award of Carl
Moyer funds to the JPB, in an amount up to $330,000, to help underwrite the capital
cost of the installation of wayside power units at the San Jose Diridon station. The
wayside power project will enable essential on board train operating systems to be
electrically powered while laying over, in lieu of running diesel engines, in order to
reduce air emissions and noise pollution. In order for the JPB to receive the Carl Moyer
funds, it must enter into a grant agreement with the Air District prior to proceeding with
the construction of the project.

BUDGET IMPACT
The wayside power project, estimated to cost $2.3 million, is already included in the
adopted Fiscal Year 2013 Capital Budget. Carl Moyer funding, in an amount up to
$330,000, is proposed to replace local JPB member contributions that would otherwise
be needed to fully fund this project.

BACKGROUND:
The Carl Moyer Program (Program) is a state funded program that provides grant
funding to public and private owners of heavy-duty vehicles and equipment in order to
reduce air pollution emissions from heavy-duty engines. It funds capital projects that
exceed minimum emission regulatory requirements or that are at least three years in
advance of meeting new minimum emission requirements. Funding for the Program is
derived from state smog check and new tire purchase fees and may also be generated from motor vehicle registration surcharges. The Program is administered by the local air districts within the state. In the San Francisco Bay Area, the Program is administered by the Air District and funds are made available on an annual basis to eligible projects on a first-come first-served basis until the funds are fully exhausted.

The Air District’s Program has primarily funded projects that replace, repower or retrofit older heavy-duty engines. While the wayside power project at the Diridon Station meets the intent of the Program guidelines, it did not fit into a pre-established eligible project type defined under the Air District’s Program and a special case-by-case determination was required by CARB to confirm project’s eligibility to receive Program funds.

Prepared by: Joel Slavit, Manager, Grants and Fund Programming  650.508.6476
RESOLUTION NO. 2013-

BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

* * *

AUTHORIZING ENTERING INTO A GRANT AGREEMENT WITH THE
THE BAY AREA AIR QUALITY MANAGEMENT DISTRICT TO RECEIVE AN AWARD OF CARL
MOYER FUNDS, UP TO AN AMOUNT OF $330,000, FOR THE WAYSIDE POWER PROJECT AT
THE SAN JOSE DIRIDON CALTRAIN STATION

WHEREAS, the Carl Moyer Program, pursuant to California Health and Safety
Code Section 44275 et seq., is an incentive program to provide grants in order to
reduce emissions in the State of California from sources of air pollution; and

WHEREAS, the California Air Resources Board (CARB) oversees and administers
the Carl Moyer Program and the Bay Area Air Quality District (Air District) implements
the Carl Moyer Program in the San Francisco Bay Area air basin, in accordance with
the CARB guidelines and criteria and guidelines of the Air District; and

WHEREAS, the CARB has determined that the Peninsula Corridor Joint Powers
Board’s (JPB) wayside power project at the San Jose Diridon Caltrain Station is eligible
to receive Carl Moyer Program funds, and

WHEREAS, the Air District made an award of up to $330,000 of Carl Moyer
Program funds to the JPB for the wayside power project, at its December 5, 2012 Board
meeting; and

WHEREAS, in order for the JPB to receive the Carl Moyer Program funds, it must
enter into a grant agreement with the Air District prior to proceeding with the
construction of the wayside power project; and

WHEREAS, the wayside power project is already included in the adopted Fiscal
Year 2013 Capital Budget.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Peninsula
Corridor Joint Powers Board:

1. Authorizes the Executive Director, or his designee, to execute and file a funding agreement on behalf of the JPB for Carl Moyer Program funding, in an amount up to $330,000, for the wayside power project at the San Jose Caltrain Diridon Station; and

2. Authorizes the Executive Director, or his designee, to take further actions as may be necessary to give effect to this Resolution, to receive the Carl Moyer Program funds for the wayside power project.

JPB Secretary
TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: C.H. (Chuck) Harvey
Deputy CEO

SUBJECT: KEY CALTRAIN PERFORMANCE STATISTICS NOVEMBER 2012

Caltrain’s average weekday ridership (AWR) in November 2012 was 47,326, which is an increase of 5,061 or 12 percent over November 2011. Total Caltrain ridership in November 2012 was 1,226,450, which is 11.4 percent greater than November 2011.

On-time performance (OTP) for November 2012 was 91 percent. While lower than November 2011, which was 93.7 percent, OTP significantly improved when compared to October 2012 which was 83 percent. When measuring trains arriving within 10 minutes of the scheduled arrival time OTP rises to 96.1 percent. There were a number of positive highlights for the month of November. There were only four days with ten or more late trains, compared with 13 in October. Over half of the days of November operated at 95 percent or better. The latter half of November showed significant gains with OTP at 97.1 percent (excluding the day of the fatality on November 20) for the last 15 days of the month. The major source of delays during the month can be attributed to one fatality, a car strike and a communication line failure.

With the improvement in OTP, the number of complaints dropped compared with previous months. There were 12.6 complaints per 100,000 passengers. This is lowest rate so far this fiscal year. Comments about conductors were the largest type of complaints, followed by comments about facilities and late trains. Monthly mechanical delays were about one-half the 12-month average at 497 minutes for November 2012.

Average weekday shuttle ridership was 8,696, which is an increase of 1,370 or 18.7 percent over November 2011 AWR of 7,326. Marguerite AWR is estimated to have doubled from a year ago and many of the employer shuttles also are up significantly. For the station shuttles, the Millbrae-Broadway shuttle averaged 169 daily riders. The Belmont-Hillsdale shuttle averaged 73 daily riders. The weekend Tamien-San Jose shuttle averaged 61 riders per day.
Caltrain Promotions – November 2012

Stanford Football – The Stanford Cardinals wrapped up their regular and post-season this month. Caltrain’s promotional campaign for the winning season included web presence on Stanford’s site, dedicated web page and button on the Caltrain site, newspaper advertisements, inclusion in Caltrain Connection and Track the Fun, a news release and social media (Facebook, Google+ and Twitter). Stanford offered Caltrain customers a $10 discount on reserved seats to some games. This offer was included on Caltrain’s Track the Savings web page. For the season, nearly 10,000 football fans rode Caltrain and used the Stanford Stadium station, located a short walk from the gridiron. Average ridership per game was 1,924, a 9 percent increase over last season. Since the Stanford station doesn’t have a Clipper card tagging device, an unknown number of customers also used the Palo Alto station.

Red Bull Flugtag – The Red Bull Flugtag, held in the AT&T parking lot at McCovey Cove, challenged teams to build human-powered flying machines that they then attempted to fly off a 30-foot high deck over water. To accommodate crowds heading to the event, Caltrain ran extra trains. Information about the service was pushed out via social media. Caltrain carried nearly 7,300 extra customers, four times the usual number of Saturday customers.

Partnerships – Caltrain Marketing staff works with a number of event organizers to co-promote events that will generate train ridership and also provide added value for current Caltrain customers. In November, Caltrain participated in partnerships for Stanford football, San Mateo Harvest Festival and the San Jose Harvest Festival. Caltrain customers were treated to $2 off the cost of a general admission ticket. Partnerships are promoted on Caltrain’s Track the Savings web page, in the Track the Fun brochure and with interior ad cards, produced by the event sponsor. Many partners also included Caltrain in their media buys.

CALTRAIN MONTHLY COMPLAINTS
TO:                Joint Powers Board

THROUGH:        Michael J. Scanlon
               Executive Director

FROM:           Marian Lee
               Executive Officer, Caltrain Modernization Program

SUBJECT:       CORRIDOR ELECTRIFICATION ENVIRONMENTAL PROCESS

ACTION
This report is for information only. No Board action is required.

SIGNIFICANCE
Based on the 2012 nine-party Memorandum of Understanding (MOU) High Speed Rail Early Investment Strategy for a Blended System in the Peninsula Corridor (MOU), Caltrain staff will update/recirculate the Caltrain Electrification Environmental Assessment / Final Environmental Impact Report (EA/FEIR) completed in 2009.

Caltrain and the Federal Transit Administration (FTA) will be the co-lead agencies for the State and Federally mandated environmental clearance processes, respectively.

ICF International, environmental on-call consultant to the JPB, will lead the corridor electrification environmental clearance process. Rich Walters, project manager, will provide an overview of the recommended environmental approach, project scope and schedule and immediate next steps.

BUDGET IMPACT
There is no impact to the existing budget.

BACKGROUND
Staff has shared the recommended environmental approach, project scope and schedule and immediate next steps with corridor city/county staff and policy maker groups, the nine-party MOU partners, California High Speed Rail Authority, FTA and the Federal Railroad Administration staff. Staff has reached agreement with CHSRA staff on the corridor electrification scope and schedule that will be presented today.

SIGNIFICANCE
Staff will give an update on Federal Title VI requirements at the January 3, 2013 Board meeting.

The Peninsula Corridor Joint Powers Board, as recipient of Federal Transit Administration (FTA) grant assistance, is required to comply with U.S. Department of Transportation Title VI regulations. In general, Title VI regulations prohibit discrimination on the basis of race, color, or national origin in the provision of public transportation services.

The Federal Title VI requirements, which have been updated recently by the FTA, now require the public transportation provider’s governing board to approve system-wide service standards and policies on or before March 31, 2013. The governing boards will also need to approve policies to determine when major service changes have occurred that would trigger a service equity analysis, as well as policies on how to measure disparate impacts and disproportionate burden on minority and low income populations respectively. The development of Major Service Change, Disparate Policy, and Disproportionate Burden policies will need to include participation and input from the public.

We propose the following schedule in compliance with Title VI requirements:

- **February 2013**: Board review of proposed Service Standards and Service Policies, Major Service Change, Disparate Impact, and Disproportionate Burden policies.

- **February 2013**: Conduct public outreach on proposed Service Standards and Service Policies, Major Service Change, Disparate Impact, and Disproportionate Burden policies.
- March 2013: Board approval of proposed Service Standards and Service Policies, Major Service Change, Disparate Impact, and Disproportionate Burden policies.

- March 31, 2013: Submit to FTA the Board-approved Service Standards and Service Policies.

**BUDGET IMPACT**
The informational item has no impact to the budget.

**BACKGROUND**
The FTA has recently revised its guidance with respect to how recipients of Federal transit monies comply with Title VI of the Civil Rights Act of 1964. The compliance requirements are now more stringent and require the JPB to adopt a set of service standards and policies by March 31, 2013 as well as policies defining “Major Service Change,” “Disparate Impact,” and “Disproportionate Burden” prior to any service changes taking place after April 1, 2013 which may trigger Title VI.

AGENDA ITEM # 11
JANUARY 3, 2013

PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: Gigi Harrington
Deputy CEO

SUBJECT: STATEMENT OF REVENUE AND EXPENSE FOR THE PERIOD ENDING
NOVEMBER 30, 2012 AND SUPPLEMENTAL INFORMATION

ACTION
Staff proposes the Board of Directors accept and enter into the record the Statement
of Revenue and Expense for the month of November 2012 and supplemental
information.

SIGNIFICANCE
Revenue: For November of Fiscal Year 2013, Total Operating Revenue (line 7) is
$3,924,853 or 13.5 percent better than budget. Within total operating revenue, Farebox
Revenue (line 1) is $3,969,762 or 15.6 percent better than budget. Compared to the
prior year, Total Operating Revenue (line 7) is $4,514,587 or 15.8 percent higher.

Expense: Grand Total Expenses (line 47) show a favorable variance of $1,636,116 or
3.5 percent. Total Operating Expense (line 33) is $1,419,469 or 3.5 percent better than budget. Total Administrative Expense (line 43) is $216,646 or 3.7 percent better than budget.

Compared to prior year, Grand Total Expenses (line 47) are $3,639,210 or 8.8 percent
higher. The increase in expense is mainly due to Contract Operating & Maintenance
(line 22) which is $1,698,018 or 6.9 percent higher.

Budget Revisions: There are no budget revisions for the month of November 2012.

Prepared by: Sheila Tioyao, Manager, General Ledger 650.508.7752

The Joint Powers Board has the ability to meet its expenditure requirements for the next six months.
AGENDA ITEM # 12
JANUARY 3, 2013

PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: Gigi Harrington
Deputy CEO

SUBJECT: ADOPTION OF A NEW FAREBOX RECOVERY RATE GOAL

ACTION
Staff Coordinating Council recommends the Board adopt a farebox recovery rate goal with a range of 45 to 65 percent, to take effect in Fiscal Year (FY) 2014.

SIGNIFICANCE
A farebox recovery goal range of 38 to 50 percent was adopted by the Board in August 2008. Ridership and farebox receipts have been increasing steadily and significantly during the past two years and are trending at a rate higher than the originally adopted goal. As the farebox revenues continue to grow, it is prudent to revise the Board adopted goal to reflect current farebox recovery levels and growth potential.

An increase in the farebox recovery goal to a range of 45 to 65 percent will be more in line with current transportation industry trends. Although this goal has not yet been adopted as policy by the Board, staff will prepare the FY2014 budget with the understanding that the customer contribution toward revenues will be generated from the farebox in this increased recovery range and that the balance of revenues will be provided from other sources. This new goal will create a parameter to be used in future budget planning practices. A range of recovery percentages rather than a specific percentage provides flexibility in order to accommodate economic and budgetary fluctuations.

<td>$19,257,579</td>
<td>$63,817,729</td>
<td>30.18%</td>
</tr>
</tbody>
</table>

BUDGET IMPACT
While this goal has no direct effect on the budget for FY2013, it will be prudent to closely monitor actual fare revenues and see how revenue trends develop over time. The actual fare revenue collected in FY2012 is trending toward the continued growth in farebox recovery, which will be necessary to sustain in order to achieve the annual fare revenues of $60.3 million adopted in FY2013 Budget.

BACKGROUND
Throughout the transportation industry, revenues to support rail transit come from a variety of sources, with fares being only one of the sources. Farebox recovery rates vary significantly, from a low of 10 percent up to 60 percent or more for rail systems in dense urban areas. A goal with a range of 45 to 65 percent moves the JPB higher than the median of ranges utilized by similar agencies.

Aandy Ly, Senior Financial Analyst 650.508.6376
RESOLUTION NO. 2013 –
BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

* * *

AUTHORIZING ADOPTION OF A NEW FAREBOX RECOVERY GOAL
RANGE OF 45 TO 65 PERCENT

WHEREAS, the Peninsula Corridor Joint Powers Board (JPB) adopted a farebox recovery goal range of 38 to 50 percent in August 2008; and

WHEREAS, since the original goal was adopted, Caltrain has experienced steady and significant growth in farebox revenue recovery; and

WHEREAS, Staff Coordinating Council recommends the JPB increase the farebox recovery rate goal by establishing a range of 45 to 65 percent; and

WHEREAS, setting a goal with a range of recovery percentages rather than a specific percentage will provide flexibility in order to accommodate economic and budgetary fluctuations; and

WHEREAS, the proposed farebox recovery rate goal reflects a percentage range consistent with the experienced increases in farebox revenue and associated ridership.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Peninsula Corridor Joint Powers Board hereby adopts a farebox recovery goal range of 45 to 65 percent.

Regularly passed and adopted this 3rd day of January, 2013 by the following vote:

AGENDA ITEM # 13  
JANUARY 3, 2013

PENINSULA CORRIDOR JOINT POWERS BOARD  
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michael J. Scanlon  
Executive Director

FROM: Gigi Harrington  C. H. (Chuck) Harvey  
Deputy CEO  Deputy CEO

SUBJECT: APPROVAL TO EXERCISE OPTION 1 TO THE CONTRACT FOR THE  
COMMUNICATIONS BASED OVERLAY SIGNAL SYSTEM / POSITIVE TRAIN  
CONTROL PROJECT (CBOSS/PTC)

ACTION
Staff Coordinating Council (SCC) recommends the Board authorize the Executive  
Director or his designee to exercise the first Option to the Agreement with Parsons  
Transportation Group (PTG) in the amount of $35,289,630 for Phase 2 of the  
Communications-based Overlay Signal System / Positive Train Control project  
(CBOSS/PTC) for Caltrain, specifically including final design, integrated  
subsystem/system factory acceptance testing, and installation of the data  
communication subsystem.

SIGNIFICANCE
By exercising Option 1 of the contract, Phase 2 of the CBOSS/PTC project will be  
initiated to provide the Peninsula Corridor Joint Powers Board (JPB) with the subsystem  
and system final design and factory acceptance test, and the installation of a data  
communication subsystem with fiber optic network backbone. These components are  
necessary for the completion of the CBOSS/PTC project.

BUDGET IMPACT
The total amount of Option 1 is $35,289,630. This amount was included in the  
December 2012 Amendment to the Caltrain Fiscal Year 2013 Capital budget.

BACKGROUND
In October, 2008, Congress enacted the Rail Safety Improvement Act of 2008 (RSIA),  
which mandates the development and implementation of PTC systems on “Class I” and  
commuter railroads such as Caltrain by December 31, 2015.

The Caltrain CBOSS/PTC system includes the four key requirements of the RSIA, a system  
that reliably and functionally prevents: (1) train-to-train collisions, (2) overspeed  
derailments, (3) unauthorized incursions into work zones and (4) routing over misaligned  
switches. The Caltrain CBOSS/PTC system will not only improve rail safety, but it will also  
provide enhanced operational benefits including improved schedule management,
station stop enforcement, crossing safety improvements, and optimized operating performance. The Caltrain CBOSS/PTC system will be implemented on all main tracks between San Francisco and Control Point Lick in south San Jose and will be interoperable with its tenant and host railroads. The Caltrain CBOSS/PTC system will provide significant advances to the signaling system capabilities.

Pursuant to Resolution 2011-43, on December 28, 2011 the JPB entered into an agreement with PTG to implement CBOSS/PTC for Caltrain. To accommodate funding constraints and requirements, the CBOSS/PTC project was structured to consist of three Phases, described in the contract as a base term (Phase 1) for the critical design of PTC, with two subsequent options (Phases 2 and 3) for the continuing implementation and deployment of the PTC system. The options are to be executed upon funding availability, and subject to Board approval.

Phase 1 of the CBOSS/PTC project is anticipated to be complete by March, 2013. Work to date has included the following achievements:

- Completed Project Execution Planning (PEP).
- Obtained approval of Project PEP.
- Obtained approval of Project Baseline Schedule.
- Completed Project Contract Deliverable Requirements List.
- Completed co-location of PTG project personnel at SF Caltrain Field Office.
- Completed Project Preliminary Design & Approval.
- Submitted Project PTC Development Plan to Federal Railroad Administration (FRA).
- Commenced Back-up Central Control Facility Real Estate search.
- Developed Caltrain Interoperability Coordination Plan for FRA and other railroads' review and comments. Met with Union Pacific Railroad and other tenant railroads for establishing Interoperability coordination plan process and working groups.
- Conducted monthly project reviews with California High Speed Rail Authority (CHSRA)-designated consultant.
- Submitted deliverable packages as required by the JPB’s agreement with CHSRA. Met with FRA/CHSRA to discuss project status and addressed FRA comments in September 2012.
- Commenced system and subsystem critical design.

JPB staff deems it critical to exercise Option 1 for Phase 2 of the CBOSS/PTC project. The cost of Phase 2 is set in the originally awarded contract. Per Board Resolution 2011-43, the authorized amount of the PTG contract is $16,342,402 for the Base contract (Phase 1); $35,289,630 for Option 1 (Phase 2); and $86,503,641 for Option 2 (Phase 3). At the appropriate time, Board approval will be sought before Option 2 is exercised for Phase 3.

Sr. Contract Officer: Juanita Vigil 650.508.7731
Project Manager: Jack Buckingham 650.622.8013
RESOLUTION NO. 2013 –

BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

* * *

AUTHORIZING EXERCISE OF OPTION 1 TO THE CONTRACT WITH PARSONS TRANSPORTATIONS GROUP FOR PHASE 2 OF THE COMMUNICATIONS BASED OVERLAY SIGNAL SYSTEM POSITIVE TRAIN CONTROL PROJECT (CBOSS/PTC) IN THE AMOUNT OF $35,289,630

WHEREAS, on October 6, 2011, pursuant to Resolution 2011-43, the Peninsula Corridor Joint Powers Board (JPB) awarded a contract to Parsons Transportation Group (PTG) to implement CBOSS/PTC for Caltrain, which contract consists of three Phases, described as a Base contract (Phase 1) for the critical design, with two subsequent options, (Phases 2 and 3), for the continuing implementation and deployment of the CBOSS/PTC system; and

WHEREAS, staff now deems it appropriate to exercise Option 1 to the PTG contract in order to commence Phase 2 of the CBOSS/PTC project on schedule, which will provide Caltrain with a final design, integrated subsystem/system factory acceptance testing, and the installation of the data communication subsystem including a fiber optic backbone; and

WHEREAS, funding for Option 1 (Phase 2) has been budgeted in the Caltrain Fiscal Year 2013 Capital budget.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Peninsula Corridor Joint Powers Board hereby authorizes the Executive Director or his designee to exercise Option 1 to the Agreement with PTG of Washington, D.C. in the amount of $35,289,630, in full conformity with all of the terms and conditions of the Agreement and in a form approved by Legal Counsel.

AGENDA ITEM # 14
JANUARY 3, 2013

PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michael J. Scanlon
Executive Director

FROM: Gigi Harrington
Deputy CEO

Mark Simon
Executive Officer, Public Affairs

SUBJECT: AUTHORIZING AWARD OF CONTRACTS TO PROVIDE FEDERAL LEGISLATIVE ADVOCACY SERVICES

ACTION
Staff Coordinating Council (SCC) recommends the Board approve:

1. Award of contracts to:
   - Holland & Knight, LLP to provide Federal legislative advocacy services for a firm-fixed price of $300,000 for a five-year term; and
   - Kadesh & Associates, LLC for the specialized scope of Caltrain modernization and high speed rail (HSR) advocacy services for a firm-fixed price of $265,404 for a five-year term.

2. Authorize the Executive Director or designee to execute a contract with each firm in full conformity with the terms and conditions of the solicitation documents and negotiated agreement.

SIGNIFICANCE
Award of a contract to Holland & Knight, LLP will provide the JPB with the services of a well-qualified, professional Federal advocacy firm. Holland & Knight, LLP has a dedicated public policy and regulation practice that has represented public transportation clients since 1982.

Award of a contract to Kadesh & Associates, LLC, a firm well versed in the specialized area of commuter rail legislative advocacy, will ensure that the JPB’s interests are advanced at the Federal level during the planning and implementation of HSR along the Caltrain corridor.

BUDGET IMPACT
Funding for these services will be available under approved and projected operating budgets.

BACKGROUND
A Request for Proposals (RFP) to provide Federal legislative advocacy services was issued detailing the scope of services. In light of HSR activities, the JPB specified its needs for specialized services focused on Federal advocacy efforts associated with advancing the Caltrain modernization program and delivering HSR along the Caltrain corridor in addition to requiring a broad spectrum of advocacy services. The solicitation was advertised in a
newspaper of general circulation and on the JPB’s website. Solicitation notices also were sent to interested firms, small business enterprises (SBEs) and disadvantaged business enterprises (DBEs). Staff received proposals from three firms, none of which are SBEs/DBEs.

An Evaluation Committee (Committee), comprised of qualified staff and three outside experts with experience in community and legislative advocacy for public transit agencies, reviewed and ranked proposals according to the following weighted criteria set forth in the RFP:

- Approach to Scope of Services 15 points
- Qualifications and Experience of Firm 35 points
- Qualifications and Experience of Management Team and Key Personnel 30 points
- Cost Proposal 20 points

After review, evaluation, and initial scoring of proposals, the Committee invited all three firms for interviews. Following interviews, the Committee completed the final evaluation and consensus ranking. The firms are listed below in order of their final consensus ranking:

- Holland & Knight, LLP, Washington, D.C.
- Kadesh & Associates, LLC, Washington, D.C.
- FaegreBD Consulting, Washington, D.C.

Holland & Knight has broad experience in the area of Federal legislative advocacy services and has been recognized by peers as one of the best performing transportation practices in the nation; furthermore, it has a strong presence in the Washington, D.C. area. Key personnel assigned to the JPB’s account have in-depth knowledge of DOT, FRA and FTA regulatory requirements and have extensive experience in government relations and public transportation legislative advocacy.

Kadesh & Associates, LLC has a solid rail transportation advocacy track record and extensive experience on Capitol Hill. Each of the key personnel assigned to the JPB account has developed strong relationships with the California congressional delegation.

The backgrounds of these firms demonstrate that they have the requisite depth of knowledge and experience in Federal policy and legislative advocacy services for the successful advocacy of the JPB’s Federal transportation priorities. Staff therefore recommends award of a contract to each firm. Both firms will provide all of the required services with their own staff and will not engage any subconsultants.

Holland & Knight currently provides Federal legislative advocacy services for the District and the Transportation Authority. The value of Kadesh & Associates’ current contract with the JPB is $420,000 for a three-year term.

Contract Officer: Adwoa Oni 650.508.6411
Project Manager: Seamus Murphy, Director, Government & Community Affairs 650.508.6388
RESOLUTION NO. 2013 –

PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

* * *

AUTHORIZING AWARD OF CONTRACTS
TO PROVIDE FEDERAL LEGISLATIVE ADVOCACY SERVICES
FOR A NOT-TO-EXCEED AMOUNT OF $565,404 FOR FIVE YEARS

WHEREAS, the Peninsula Corridor Joint Powers Board (JPB) has solicited
competitive proposals to provide Federal legislative advocacy services, with special
emphasis on Caltrain modernization and high speed rail advocacy services; and

WHEREAS, in response to the JPB’s advertisement, three firms submitted
proposals; and

WHEREAS, an Evaluation Committee (Committee) has reviewed proposals and
conducted interviews, and ranked the proposers according to the evaluation criteria
set forth in the Request for Proposals (RFP); and

WHEREAS, the Committee has determined that Holland & Knight, LLP and Kadesh
& Associates, LLC are the two highest consensus-ranked firms; and

WHEREAS, the Committee has determined that it would be in the best interest of
the JPB to award a contract to Holland & Knight, LLP for the broad scope of Federal
legislative advocacy services and a contract to Kadesh & Associates, LLC for the
specialized scope of Caltrain modernization and high speed rail advocacy services;
and

WHEREAS, legal counsel has reviewed the Holland & Knight, LLP and Kadesh &
Associates, LLC proposals and determined that they comply with the requirements of
the solicitation documents; and
WHEREAS, the Executive Director recommends that a five-year contract for Federal legislative advocacy services be awarded to Holland & Knight, LLP for a five-year term for a total firm-fixed price of $300,000; and additionally, a five-year contract for the specialized scope of Caltrain modernization and high speed rail advocacy services be awarded to Kadesh & Associates for a total firm-fixed price of $265,404.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors (Board) of the Peninsula Corridor Joint Powers Board hereby awards a contract for Federal legislative advocacy services to Holland & Knight, LLP of Washington, D.C. for a five-year term for a firm-fixed price of $300,000; and

BE IT FURTHER RESOLVED that the Board hereby also awards a contract for the specialized scope of Caltrain modernization and high speed rail advocacy services to Kadesh & Associates, LLC of Washington, D.C. for a five-year term for a firm-fixed price of $265,404; and

BE IT FURTHER RESOLVED that the Board authorizes the Executive Director or designee to execute contracts on behalf of the JPB with Holland & Knight, LLP and Kadesh & Associates, LLC in full conformity with all of the terms and conditions of the contract documents, and in a form approved by legal counsel.
