Dear Chair Stone and Directors,

Further to the announcement that John Funghi would be stepping down as Calmod Chief Officer, please consider inviting Mr. Shrestha to introduce himself and share his proposal for the implementation of consistent Caltrain gate crossing warning times based on his 25-year experience at Denver RTD.

RTD considers notice of default to N Line contractor | RTD - Denver

The Regional Transportation District (RTD) is considering issuing a formal notice of default to the N Line design-build contractor, Regional Rail Partners (RRP) – a joint venture of Balfour Beatty Rail Infrastructure and Graham Contracting – due to the contractor's continued delays in meeting project milestones and inability to fulfill its contractual obligations.

RTD, contractors start trial over \$111M in commuter rail disputes - The Denver Post

RTD and the contracting team that built three commuter rail lines traded blame over costly delays and crossing-gate problems in court Monday as they opened a lengthy trial.

Hi Board Members,

The Caltrain's website is not working Tuesday Sept 21 at 5:20pm . Is there an alternate way to view schedules online while you fix the problem?

<https://www.caltrain.com/schedules/weekdaytimetable.html>

Also board page has same problem: <https://www.caltrain.com/about/bod.html>

I was hoping to participate in World Car Free day tomorrow and need to see schedules to ride Caltrain to SJSU.

Terry
