SUBJECT: AWARD OF CONTRACT TO PROVIDE REAL ESTATE AND OTHER LEGAL SERVICES

Finance Committee Recommendation   Work Program-Legislative-Planning Committee Recommendation   Staff Coordinating Council Reviewed   Staff Coordinating Council Recommendation

ACTION
Staff recommends the Board of Directors (Board) of the Peninsula Corridor Joint Powers Board (JPB):

1. Award contracts to Bergman Dacey Goldsmith (BDG) Law Group, Inc. of Los Angeles, CA; Nossaman, LLP of Irvine, CA; and Miller Starr Regalia of San Francisco, CA to provide real estate and other legal services (Services) to the JPB for a not-to-exceed amount of $2 million for a five-year term, to be shared in the aggregate amongst the three firms.

2. Authorize the Acting Executive Director, or designee, to execute a contract with each firm in full conformity with the terms and conditions of the solicitation documents and negotiated agreements, and in a form approved by legal counsel.

SIGNIFICANCE
Approval of the above actions will provide the JPB a “bench” of qualified legal firms with the requisite depth of experience and qualifications to deliver successfully real estate and other legal services required by the JPB in collaboration with, and under oversight by, JPB’s General Legal Counsel, Olson Remcho.

BUDGET IMPACT
Funds for the Services are available under the approved JPB’s Fiscal Year 2022 Operating Budget and current and previous capital budgets, and will be included in future operating and capital budgets.

BACKGROUND
On November 11, 2021, staff issued Request for Proposals (RFP) 22-J-P-022 for provision of the Services. Staff advertised the RFP on the JPB e-procurement website and conducted outreach to local and regional law firms. The JPB received proposals from three firms:
BDG Law Group is a Small Business Enterprise (SBE) certified by the Los Angeles Unified School District.

The Selection Committee comprised of qualified JPB staff (Selection Committee) evaluated and scored the proposals in accordance with the following weighted criteria:

- Approach to Providing Services 0 - 25 points
- Company Qualifications and Qualifications and Experience of Key Personnel 0 - 45 points
- Quality Control Plan 0 - 15 points
- Reasonableness of Cost 0 - 15 points
- SBE Preference 0 - 5 points

After review, evaluation, and ranking of proposals, the Selection Committee determined all three firms possess the requisite depth of experience and qualifications to successfully perform the Services as required and detailed in the RFP scope of services. Given the depth of experience, qualifications of the firms and key individuals, the Selection Committee determined interviews were not necessary and that each firm possesses strengths in different areas such that it is in the best interest of the JPB to award contracts to all three firms, with each firm providing the Services on an on-call basis in the areas where the JPB will benefit most from the firm’s area of expertise.

Staff completed a value and price analysis of all the three firms’ proposed fees, and determined the fees are within market rates for similar services and compare favorably with the fees charged to the JPB by incumbents for similar services. Therefore, staff deems the fees to be fair and reasonable, and recommends award of a contract to each of the firms, who will serve on a “bench” to provide the Services.

Upon request by the JPB, the firms will provide legal and strategic advice and support, and represent the JPB on real estate and other legal matters, including but not limited to: strategic support on property development and related agreements and documentation; condemnation-related matters; insurance law; and construction law.

MSR provided real estate legal services to the JPB under a multi-year contract that expired July 2021. Hanson Bridgett has provided real estate and other legal services to the JPB and will continue to provide these services, as required by the JPB under its existing contract in collaboration with, and under oversight by, JPB’s General Legal Counsel, Olson Remcho.

HIGHLIGHTS

- As discussed with JPB Board during the approval process for the Measure RR secured revenue bonds, the bond issue received bond ratings of AA+ from Standard & Poor’s and AAA from Kroll Bond Rating Service. The credit ratings are reflective of the high degree of security provided by the sales tax, and also, in the case of Standard & Poor’s, reflect some degree of risk provided by the operations of the railroad.

- On February 15, 2022, the Measure RR bonds were priced. Net proceeds for the project are approximately $150.464 million. Interest is capitalized (bond proceeds are provided such that interest will be covered by these proceeds) for a period of three years. The “True Interest Cost” of the financing (that is, the cost of the financing if bonds are not retired or refunded early) is 3.32%, and the maximum annual debt service is approximately $9.56 million. The bond issue will close and fund on March 2, 2022.

- The first forecast for the JPB’s Fiscal 2023 Operating Results is provided in the monthly financial report. This forecast is based upon results through the first six months of the fiscal year.

SUBJECT: ACCEPT STATEMENT OF REVENUES AND EXPENSES FOR THE PERIOD ENDING JANUARY 31, 2022

ACTION
Staff proposes that the Board of Directors (Board) of the Peninsula Corridor Joint Powers Board (JPB) accept and enter into the record the Statement of Revenues and Expenses for the month of January 2022.

This staff report provides a brief discussion of significant items and trends on the attached Statement of Revenues and Expenses through January 31, 2022. The statement has been designed to follow the Agency-wide line item rollup as included in the approved budget. The columns have been designed to provide easy comparison of year-to-date current actuals to the budget including dollar and percentage variances.

SIGNIFICANCE
Annual Forecast: The annual forecast was updated based on actual revenue and expense trends through January 2022. The forecast was derived by analyzing trends and reviewing details with cost center managers.

Forecast Revenues: Total revenue (page 1, line 19) is forecast $38.4 million higher than budget. This is driven primarily by $62.3 million more allocation from the American Rescue Plan Act (ARPA) than budgeted. Measure RR (page 1, line 13), is $3.8 million higher than budget reflecting updated estimates that continue to show recovery from the pandemic. The revenue increase is partially offset by Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) (page 1, line 14) which is $27.1 million lower than budget as funding was previously received in FY21. Parking revenue (page 1, line 2) is $0.3 million lower than budget and Shuttles Revenue (page 1, line 3) is $0.3 million lower than budget due to lower shuttle service as routes have been reduced or suspended due to low ridership.
**Forecast Expenses:** Total Expense (page 2, line 54) is $7.9 million lower than budget. The variance is primarily due to lower expense trends. Rail Operator Service (page 2, line 24) is $4.1 million lower than budget due to resource constraints and vacancies. Shuttles Services (page 2, line 26) is $0.6 million lower than budget due to reduction or suspended service as result of low ridership. Facilities & Equipment Maintenance (page 2, line 31) is lower than budget by $1.0 million due to lower Clipper Operator Charges as a result of lower ridership and under-runs in other contract services. Professional Services (page 2, line 41) is lower than budget by $0.5 million as a result of under-runs in consultant services. Other Office Expenses and Services (page 2, line 43) is lower than budget by $1.4 million due to reduction in Bank Fees. Measure RR ballot Costs (page 2, line 49) is lower than budget by $1.6 million. This is partially offset by Fuel and Lubricants (page 2, line 27) which is higher than budget by $1.3 million reflecting the updated service to 104 weekday trains which began August 30th of 2021.

**Year to Date Revenues:** As of January year-to-date actual, the Grand Total Revenue (page 1, line 19) is $22.7 million more than the approved budget. This is primarily driven by Measure RR (page 1, line 13) and ARPA fund (page 1, line 15), partially offset by CRRSAA fund (page 1, line 14). CRRSAA funding was received and reported as revenue in late FY21. However, it was not budgeted in FY21 as the amount of funding was unknown at the time of FY21 Budget adoption. Therefore the budget for CRRSAA funding was carried over and budgeted in FY22.

**Year to Date Expenses:** As of January year-to-date actual, the Grand Total Expense (page 2, line 54) is $14.2 million lower than the approved budget. This is primarily driven by Rail Operator Service (page 2, line 24), Facilities and Equipment Maintenance (page 2, line 31), Wages and Benefits (page 2, line 38), Professional Services (page 2, line 41), Other Office Expenses and Services (page 2, line 43), and Measure RR Ballot Costs (page 2, line 49).

**Other Information:** The Agency accounts for revenue and expenditures on a modified cash basis (only material revenues and expenses are accrued) on the monthly financial statement. As such, the variance between the current year actual and the budget may show noticeable variances due to the timing of expenditures.

**BUDGET IMPACT**

There are no budget amendments for the month of January 2022.
