AGENDA

PENINSULA CORRIDOR JOINT POWERS BOARD

Work Program – Legislative – Planning (WPLP) Committee Meeting

Committee Members: Charles Stone (Chair), Cindy Chavez, Steve Heminger

Due to COVID-19, this meeting will be conducted via teleconference only (no physical location) pursuant to Assembly Bill 361 (Gov. Code section 54953).

Directors, staff, and the public may participate remotely via Zoom at https://zoom.us/j/99768901849?pwd=VmVSJEJFZHhyNyZhiR212RURzODNzd09 or by entering Webinar ID: 997 6890 1849, Passcode: 609602, in the Zoom app for audio/visual capability or by calling 1-669-900-6833 (enter webinar ID and press # when prompted for participant ID) for audio only. The video live stream will be available after the meeting at http://www.caltrain.com/about/bod/video.html

Public Comments: Members of the public are encouraged to participate remotely. Public comments may be submitted to publiccomment@caltrain.com prior to the meeting’s call to order so that they can be sent to the Board as soon as possible, while those received during or after an agenda item is heard will be included in the Board’s weekly correspondence and posted online at http://www.caltrain.com/about/bod/Board_of_Directors_Meeting_Calendar.html.

Oral public comments will also be accepted during the meeting through *Zoom or via the teleconference number listed above. Public comments on individual agenda items are limited to one per person PER AGENDA ITEM. Use the Raise Hand feature to request to speak. For public participants calling in, dial *67 if you do not want your telephone number to appear on the live broadcast. Callers may dial *9 to use the Raise the Hand feature for public comment and press *6 to accept being unmuted when recognized to speak for three minutes or less. Each commenter will be automatically notified when they are unmuted to speak for three minutes or less. The Board Chair shall have the discretion to manage the Public Comment process in a manner that achieves the purpose of public communication and assures the orderly conduct of the meeting.

February 23, 2022 – Wednesday 3:00 pm

1. Call to Order / Pledge of Allegiance
2. Roll Call

Page 1 of 3
3. Public Hearing for Sunday Service Schedule
   a. Open Public Hearing
   b. Present Staff Report
   c. Hear Public Comment
   d. Close Public Hearing
   e. Board Discussion

4. Approval of Title VI Analysis for Sunday Service Schedule (August 2021)

5. Public Comment on Items not on the Agenda
   Comments by each individual speaker shall be limited to three (3) minutes. Items raised that require a response will be deferred for staff to reply.

6. Approve Meeting Minutes of January 26, 2022

7. State and Federal Legislative Update and Approval of Legislative Proposal: Support AB 2197 (Mullin)

8. Capital Projects Quarterly Status Report – 2nd Quarter Fiscal Year 2022

9. Metropolitan Transportation Commission (MTC) Network Management Business Case Update

10. Committee Member Requests

11. Date/Time of Next Regular WPLP Committee Meeting:
    Wednesday, March 30, 2022, at 3:00 pm via Zoom (additional location, if any, to be determined)

12. Adjourn
INFORMATION FOR THE PUBLIC

All items appearing on the agenda are subject to action by the Board. Staff recommendations are subject to change by the Board. If you have questions on the agenda, please contact the JPB Secretary at 650.508.6242. Agendas are available on the Caltrain website at www.caltrain.com. Communications to the Board of Directors can be e-mailed to board@caltrain.com. Free translation is available; Para traducción llama al 1.800.660.4287; 如需翻译 请电1.800.660.4287.

Date and Time of Board and Committee Meetings
JPB Board: First Thursday of the month, 9:00 am; JPB WPLP Committee: Two Wednesdays before the Board meeting, 3:00 pm. The date, time, and location of meetings may be changed as necessary. Meeting schedules for the Board and committees are available on the website.

Location of Meeting
Due to COVID-19, the meeting will only be via teleconference as per the information provided at the top of the agenda. The Public may not attend this meeting in person.
*Should Zoom not be operational, please check online at http://www.caltrain.com/about/bod/Board_of_Directors_Meeting_Calendar.html for any updates or further instruction.

Public Comment*
Members of the public are encouraged to participate remotely. Public comments may be submitted to publiccomment@caltrain.com prior to the meeting’s call to order so that they can be sent to the Board as soon as possible, while those received during or after an agenda item is heard will be included into the Board’s weekly correspondence and posted online at http://www.caltrain.com/about/bod/Board_of_Directors_Meeting_Calendar.html. Oral public comments will also be accepted during the meeting through Zoom or the teleconference number listed above. Public comments on individual agenda items are limited to one per person PER AGENDA ITEM. Each commenter will be automatically notified when they are unmuted to speak for three minutes or less. The Board Chair shall have the discretion to manage the Public Comment process in a manner that achieves the purpose of public communication and assures the orderly conduct of the meeting.

Accessible Public Meetings/Translation
Upon request, the JPB will provide written agenda materials in appropriate alternative formats, or disability-related modification or accommodation, including auxiliary aids or services, to enable individuals with disabilities to participate in and provide comments at/relevant to public meetings. Please submit a request, including your name, phone number and/or email address, and a description of the modification, accommodation, auxiliary aid, service or alternative format requested at least 72 hours in advance of the meeting or hearing. Please direct requests for disability-related modification and/or interpreter services to the Title VI Administrator at San Mateo County Transit District, 1250 San Carlos Avenue, San Carlos, CA 94070-1306; or email titlevi@samtrans.com; or request by phone at 650-622-7864 or TTY 650-508-6448.

Availability of Public Records
All public records relating to an open session item on this agenda, which are not exempt from disclosure pursuant to the California Public Records Act, that is distributed to a majority of the legislative body, will be available for public inspection at 1250 San Carlos Avenue, San Carlos, CA 94070-1306, at the same time that the public records are distributed or made available to the legislative body.
AGENDA ITEM #3
FEBRUARY 23, 2022

PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: JPB Work Program – Legislative – Planning Committee

THROUGH: Michelle Bouchard
Acting Executive Director

FROM: David Santoro
Chief of Staff

SUBJECT: PUBLIC HEARING FOR SUNDAY SERVICE SCHEDULE

Finance Committee Recommendation
Work Program-Legislative-Planning Committee Recommendation
Staff Coordinating Council Reviewed
Staff Coordinating Council Recommendation

ACTION
Hold a Public Hearing to receive public comment on major service changes made to Caltrain’s Sunday service schedule effective on August 30, 2021.

SIGNIFICANCE
The public hearing will inform a Title VI service equity analysis that is required before the Peninsula Corridor Joint Powers Board (JPB) can decide whether to continue the current Sunday schedule beyond the first 12 months.

Under the changes made effective August 30, 2021, Caltrain’s Sunday service schedule matches the Saturday schedule, with frequency increased from 90 to 60 minutes and operation of two additional roundtrips on Sundays – one in the early morning and one in the late evening, when service previously was only available on Saturday.

BUDGET IMPACT
There is no budget impact associated with holding the public hearing.

BACKGROUND
In July 2017, Caltrain’s weekend service was reduced from 60- to 90-minute frequencies to accommodate construction for electrification. During the COVID-19 pandemic, Caltrain made additional temporary changes in response to ridership fluctuation. In December 2020, Caltrain increased weekend service frequencies from 90 to 60 minutes to provide adequate service for essential workers during the pandemic. Given the impact of Covid-19 on ridership, Caltrain continued to monitor trends and make service adjustments.

In August 2021, Caltrain implemented a number of weekday and weekend changes for service recovery and improved connectivity to BART, including increasing the Sunday service schedule to match the Saturday service schedule. This qualifies as a Major
Service Change under Caltrain’s Major Service Change Policy and, thus, requires a Title VI Service Equity Analysis and public hearing.

Though the August 30, 2021 service changes also included weekday changes, those changes were not significant enough to require a public hearing and service equity analysis, and have already been approved by staff for continuation.

Typically a Title VI Service Equity Analysis is completed prior to Board consideration of a major service change; however, schedule changes implemented during the pandemic have been considered “temporary” as the FTA allows 12 months for agencies to conduct the required outreach and equity analysis before changes are considered “permanent.”¹

Public Outreach and Feedback
Information on the August 2021 service changes was distributed to partner agencies to coordinate transfers and showcased as part of the “Welcome Back to Transit” marketing campaign. The outreach plan included multiple opportunities for riders and the general public to provide feedback.

The Summary of Changes were translated into both Chinese and Spanish on the Caltrain website. Information about the proposed changes and how to provide feedback also was published in newspaper notices, a news release, notification to community-based organizations, and on social media.

Notices for this public Hearing notices also have been published in the San Mateo Daily Journal, as well as in Sing Tao in Chinese and in El Observador in Spanish. The notice has been posted at all relevant Caltrain stations.

Current and former Caltrain riders were asked about the impact of the August 2021 changes through a October 2021 Service Planning Survey. The results of the public hearing and the October 2021 Service Planning Survey will be included in the Title VI Analysis being prepared for Board of Directors consideration at the March 3 meeting.

Prepared By: Wendy Lau, Civil Rights Manager 650.508.7733

Public Hearing
Sunday Service Schedule
Agenda

• Federal Transit Authority Civil Rights Requirements
• Presentation of Sunday Service Changes and Major Service Change Policy
• Title VI Analysis Findings
• Open for Public Comment
Major Service Change Policy

- Adopted with Title VI Policies & Standards in April 2013
- Meets one or both criteria
  - $\geq 25\%$ reduction or addition of revenue miles per service day
  - $\geq 50\%$ reduction or addition of station stops per service day
- Title VI Equity Analysis required for service changes in effect $>12$ months
- PCJPB Public Comment Policy
  - Requires Public Hearing for Major Service Changes
Major Service Change History

- **July 2017**: Reduced weekend service frequency from 60 to 90 min
  - To accommodate construction activities for electrification project

- **December 2020**: Increased weekend service frequency from 90 to 60 min
  - To provide adequate service for essential workers during the pandemic

- **August 2021**: Implement Unified Weekend Schedule
  - Increase Sunday service to match Saturday

- **Spring 2022**: Keep 60 min weekend frequency & unified weekend schedule

Major Service Change Evaluation

- Comparison between October 2019 (pre-COVID) & August 2021 (current) timetables

- Major Service Change due to:
  - Increased revenue miles on Sunday (32% Change)
  - Increased # of station stops on Sunday (60% Change)
    - Santa Clara, Lawrence, San Antonio, California Ave, Menlo Park, San Carlos, Belmont, Hayward Park, Burlingame, Broadway, San Bruno, SSF, Bayshore, 22nd St
Title VI Analysis

- Data Selection: October 2021 Survey Data and 2019 Triennial Ridership Data.
- Analyzes Minority vs. Non-Minority and Low-Income vs. Non-Low-Income per the FTA Title VI Circular.
- Generally, a service increase is an overall benefit.
- A +10% difference would generate a disparate impact or disproportionate burden/benefit.
Title VI Analysis

Conclusion/ Next Steps

• Attach any public comments made at Public Hearing to Title VI Analysis;
• JPB Board Approval of Title VI Analysis for JPB per FTA requirements;
• Include in Caltrain Title VI Program (2023); and
• Current Sunday Service expected to continue throughout Spring 2022
TO: JPB Work – Program – Legislative- Planning Committee

THROUGH: Michelle Bouchard
Acting Executive Director

FROM: David Santoro
Chief of Staff

SUBJECT: APPROVAL OF TITLE VI ANALYSIS FOR SUNDAY SERVICE SCHEDULE (AUGUST 2021)

ACTION
Staff recommends the Board of Directors (Board) of the Peninsula Corridor Joint Powers Board (JPB) approve the Title VI Service Equity Analysis for the Sunday Caltrain Service Schedule that has been in place since August 2021.

SIGNIFICANCE
In August 2021, following a serious of service changes to facilitate the Peninsula Corridor Electrification Project and respond to ridership fluctuations as a result of the Covid-19 pandemic, the JPB implemented service increases to better support essential workers requiring transit service and improve social distancing on Caltrain. Federal Transit Administration Circular 4702.1B establishes that service changes lasting over 12 months are considered "permanent" for purposes of compliance with Title VI.

Under the JPB’s Title VI Policies, the August 2021 changes to Sunday Caltrain service qualify as "Major Service Changes," thereby requiring a Title VI Service Equity Analysis before the service change has been in effect for 12 months. This analysis must be presented to the Board for its consideration and included in the Caltrain Title VI Program with a record of action taken by the Board.

The analysis, attached hereto, concludes the service increase associated with the Caltrain Sunday service schedule does not have a disparate impact on minority populations nor disparately burden low-income populations. Rather, based on customer survey data, it appears that low-income populations benefit proportionately more from increased service on Sunday evenings.

BUDGET IMPACT
There is no budget impact associated with the proposed action.
BACKGROUND

Under Caltrain’s Title VI Policies, a Major Service Change occurs when the following occurs: (1) a 25% reduction or addition of revenue miles per service day or (2) a 50% reduction or addition of station stops per service day. The Sunday Service schedule change satisfies both of these requirements.

In July 2017, Caltrain conducted a Title VI Service Equity Analysis to the for the reduction of weekend service frequency from 60 to 90 minutes to accommodate construction activities for Caltrain electrification. During the COVID-19 pandemic, Caltrain quickly implemented significant service cuts and adjusted service over subsequent months as the pandemic continued, most recently resulting in service increases to accommodate essential workers and provide for greater on-board social distancing.

In August 2021, Caltrain implemented increases to the Sunday service schedule to match Saturday service. Caltrain Operations determined that these changes would remain in effect at least through Spring 2022. These changes were presented to the Board in July 2021.

Staff delayed conducting a Title VI Analysis in part to allow time for receipt of survey data that would better capture the impact of the August 2021 changes. The survey was conducted in October 2021. That survey, along with the 2019 Triennial Ridership data, was used in the analysis. More specifically, the October 2021 Survey captures responses from passengers using Caltrain during the Covid-19 pandemic while the 2019 Triennial Survey reflects longer-term ridership trends and provides more robust data.

The Title VI Analysis of the Sunday Service Changes includes comments from the public hearing held at the February 23 Work Program – Legislative – Planning Committee meeting, public comments from May-August 2021, and additional public outreach for Board Consideration.

The attached analysis is consisted with polices adopted by the Board to comply with Title VI of the Civil Rights Act of 1964 and:

- Analyzes the Sunday Service Schedule on a system-wide level to determine whether the impacts would result in disparate treatment among protected classes;
- Analyzes the Sunday Service Schedule on a system-wide level to determine whether the impacts would result in a disproportionate burden, or lack of proportional benefit, among low-income populations;
- Uses Caltrain’s Title VI Policies and analysis thresholds that were adopted in 2013;
- Summarizes Public Engagement and Public Comment on the service change;
- Concludes that the service increases do not result in a disparate impact on minority populations; and
- Concludes that the service increases do not impose a disproportionate burden on low-income populations but, rather, indicate disproportionate benefit for low-income riders due to a service increase on Sunday evenings.

Prepared by: Wendy Lau, Office of Civil Rights Manager 650.622.7864
RESOLUTION NO. 2022 –

BOARD OF DIRECTORS, PENINSULA CORRIDOR JOINT POWERS BOARD
STATE OF CALIFORNIA

* * *

APPROVING THE TITLE VI SERVICE EQUITY ANALYSIS OF AUGUST 2021
SUNDAY CALTRAIN SERVICE CHANGES

WHEREAS, in 2017, the Peninsula Corridor Joint Powers Board (JPB) reduced
Caltrain weekend service frequencies from 60 minutes to 90 minutes to accommodate
activities supporting construction work for the Peninsula Corridor Electrification Project
(PCEP); and

WHEREAS, during the COVID-19 pandemic, the JPB further changed Caltrain
schedules on a temporary basis in response to ridership fluctuations, and to better serve
essential workers and provide for greater social distancing; and

WHEREAS, in August 2021, Caltrain implemented additional changes for service
recovery and improved connectivity to BART, including increasing the Sunday service
schedule to match the Saturday service schedule; and

WHEREAS, on April 4, 2013, by Resolution No. 2013-21, the JPB Board of Directors
( Board) adopted a Major Service Change Policy for the Caltrain system, which sets the
thresholds for when a service equity analysis and public engagement process are
required for a proposed service change, or a recently-enacted temporary service
change that will be extended beyond 12 months; and

WHEREAS, the Sunday Service changes meets the Major Service Change Policy
threshold, and therefore, must be the subject of public outreach, a public hearing, and
completion of an equity analysis; and
WHEREAS, the equity analysis must comply with Title VI of the Civil Rights Act of 1964 and implementing regulations, including Federal Transit Administration Circular 4702.1B, and assess whether the change will result in disparate impacts on minority populations or disproportionate burdens on low-income populations; and

WHEREAS, on April 4, 2013, by Resolution No. 2013-21, the Board adopted Disparate Impact and Disproportionate Burden Policies to set thresholds for when fare or major service changes are deemed to have disparate or disproportionate effects on minority or low-income populations; and

WHEREAS, the JPB engaged in public outreach around the Sunday service changes between May 2021 and August 2021, and the Board held a duly noticed public hearing on the service changes at the Work Program – Legislative – Planning Committee meeting on February 23, 2022; and

WHEREAS, staff has prepared and presented to the Board a Title VI Equity Analysis that assesses the equity impacts of increased Sunday Service, concluding it will not disparately impact minority passengers nor impose a disproportionate burden on, or fail to provide a proportionate benefit to, low-income passengers; and

WHEREAS, the Acting Executive Director recommends the Board approve the Title VI Service Equity as required under FTA Circular 4702.1B for the August 2021 Sunday Service Schedule changes.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Peninsula Corridor Joint Powers Board hereby:

1. Finds pursuant to Title VI of the Civil Rights Act of 1964 that the Sunday Service Schedule Changes do not have a disparate impact on minority populations nor
impose a disproportionate burden on, or fail to provide a proportionate benefit to, low-income populations;

2. Approves the Title VI Equity Analysis incorporated herein by this reference;

Regularly passed and adopted this 3rd day of March, 2022 by the following vote:

AYES:

NOES:

ABSENT:

JPB Secretary
AGENDA ITEM #6
FEBRUARY 23, 2022

Peninsula Corridor Joint Powers Board
Work Program – Legislative – Planning Committee (WPLP)
1250 San Carlos Avenue, San Carlos CA

DRAFT MINUTES OF JANUARY 26, 2022

MEMBERS PRESENT: C. Chavez, S. Heminger, C. Stone (Chair)
MEMBERS ABSENT: None
STAFF PRESENT: M. Bouchard, D. Hansel, J. Harrison, S. Petty, C. Fromson, D. Santoro, B. Tietjen, M. Jones, P. Shrestha, D. Seamans, S. Wong

1. CALL TO ORDER/PLEDGE OF ALLEGIANCE
Chair Charles Stone called the meeting to order at 3:04 p.m. and Director Heminger led the Pledge of Allegiance.

2. ROLL CALL
District Secretary Dora Seamans called the roll and confirmed a quorum was present.

3. PUBLIC COMMENT FOR ITEMS NOT ON THE AGENDA
There were no public comments.

4. APPROVE MEETING MINUTES OF NOVEMBER 24, 2021
Motion/Second: Chavez/Heminger
Ayes: Chavez, Heminger, Stone
Noes: None
Absent: None

5. STATE AND FEDERAL LEGISLATIVE UPDATE
Casey Fromson, Acting Chief Communications Officer, introduced the State and Federal legislative advocates.

Eve O’Toole, Federal Lobbyist, provided an update, which included the following:
- Appropriation of Infrastructure Bill and Fiscal Year 2022 Appropriations process
- Proposed Budget and infrastructure bill implementation

Lauri Hettinger, Federal Lobbyist, provided an update which included the following:
- Congress’ large infrastructure bill includes $500 billion in new spending
- Provides mandatory money over the next five years and funding opportunities for transportation, railroad grade crossing, rail car replacement, and trespassing/fatalities prevention
Matt Robinson, State Lobbyist, provided an update which included the following:
- Governor proposed funding for transportation with increased funding amounts
- Transit rail service, High speed rail funding and multiple approaches
- Caltrain’s $410 million funding gap
- Over 3 dozen Congressional delegation members informed on Caltrain issues
- Seamless Bay Area proposal bill and Senate Bill 288

Mike Robson, State Lobbyist, provided an update which included the following:
- Working on two-year bills and introducing new bills through Feb 18
- Redrawn lines
- Caltrain legislators working on budget issues prior to final action on the budget on June 15th

The Board members had a discussion and staff provided further clarification regarding the distribution of funds and whether it will be distributed through the Metropolitan Transportation Commission (MTC).

6. PENINSULA CORRIDOR ELECTRIFICATION PROJECT (PCEP) PROJECT UPDATE

Michelle Bouchard, Acting Executive Director, provided context to the project summary.

Pranaya Shrestha, CalMod Chief Officer, provided a presentation that included the following:
- December activities (BBI re-baselining) and upcoming milestones including the Remediation Plan
- Reset program organization with new executive leadership, legal, and new program director
- Safety and security, construction update, program management, risks, and master schedule
- Signal System and Communication (2 Speed check)
- Crossing Optimization Project
- Program budget, contingency, risks, and incentive

Casey Fromson, Chief Communications Officer, provided a presentation that included the following:
- Funding Update - develop $410 million funding plan
- Federal Update - tracking notice of funding availability, meeting federal delegation, and discussing capital investment grants funding eligibility
- State Update - Governor’s budget included $9.1 billion for transportation

The Board members had a discussion and staff provided further clarification regarding the following:
- How the single-phase study will affect the schedule
- Staff hire with PG&E experience
- Segment 2 cutover similarities to segment 4 cutover
• Flaggers at grade crossings
• Efficiency in getting trains completely off the right of way
• Reassessing the timeline closer to completion
• The systems for wireless grading crossing and whether the wireless solution will be completed sooner than the primary solution
• Waiting for the backup completion before opening for revenue service

Public comment
Vaughn commented on type of workforce used, high speed rail, climate change, and PG&E.

Jeff Carter, Millbrae, commented on foundation completion, poles, cost increases, the single phase, electric cars, and operations.

Adrian Brandt, San Mateo County, commented on safety statistics, wireless crossing activation system, two speed check increasing gate down time, GPS based systems for crossing downtimes, and quiet zones.

7. SERVICE PLANNING AND RIDERSHIP UPDATE
Ted Burgwyn, Director of Rail Networks and Operations Planning, provided an update which included the following:
• Pandemic travel behavior, Bay Area Council Survey, regional transit ridership levels, and Caltrain ridership patterns.
• Case Study: Downtown San Francisco in 2021 versus 2019
• Initial survey results, rider satisfaction, and former rider responses
• Near term outlook, corridor development activity, and next steps

Sebastian Petty, Deputy Chief of Planning, provided an update on the next steps which included the following:
• Fare revenue comparisons
• Longer term change in corridor ridership
• Board Workshop discussion later this year on financial analysis

Michelle Bouchard, Acting Executive Director, emphasized the importance of a Board discussion later regarding reports with other agencies on longer term structural issues with their financing.

Chair Stone left at 4:30 p.m. after appointing Director Heminger Acting Chair.

The Board members had a discussion and staff provided further clarification regarding
• Building a brand-new service for people
• Turning the three-day work week market into an advantage
• Upcoming workshop and potentially meeting in person
Public comment
Vaughn commented on Capital Corridor coordination with Altamont Corridor Express (ACE), commute traffic from the East Bay, and addressing longer trips.

Adrian Brandt, San Mateo County, commented on peaking at about 19 percent pre-pandemic, falling off, and needing to rethink fares and encouraging riders.

Jeff Carter, Millbrae, commented on rethinking the Caltrain schedule, running more service during off-peak hours and weekends, and keeping the price of the monthly pass low.

8. COMMITTEE MEMBER REQUESTS
Director Heminger requested information on whether the wireless connection would be complete before the backup is completed (PCEP).

9. DATE/TIME OF NEXT REGULAR WPLP COMMITTEE MEETING: WEDNESDAY, FEBRUARY 23, 2021 AT 3:00 PM VIA ZOOM

10. ADJOURN
The meeting adjourned at 4:46 p.m.
TO: Joint Powers Board

SUBJECT: STATE AND FEDERAL LEGISLATIVE UPDATE AND APPROVAL OF LEGISLATIVE PROPOSAL: SUPPORT AB 2197 (MULLIN)

ACTION
Staff proposes the Committee recommend the Board:
1. Receive the attached Federal and State Legislative Updates
2. Approve the recommended Peninsula Corridor Joint Powers Board (Caltrain) position on legislation designated for action on the attached State Legislative Matrix (available Week of 2/21).

SIGNIFICANCE
The 2022 Legislative Program establishes the principles that will guide the legislative and regulatory advocacy efforts. Based on those principles, staff coordinates closely with our Federal and State advocates on a wide variety of issues that are considered in Congress and the State legislature. The attached reports highlight the recent issues and actions that are relevant to the Board.

General Update

The second year of the 2021-22 Legislative Session is underway and the Legislature has been focused on budget committee meetings to hear the Governor’s Fiscal Year 2022-23 budget proposals. In parallel to the budget review, Legislators have been busy introducing bills. As of this writing, approximately 600 bills were introduced since reconvening January 3. We expect several hundred more to be introduced by the February 18 bill introduction deadline.

Governor Newsom Names Toks Omishakin Secretary of California State Transportation Agency

On February 7, Governor Newsom announced the appointment of Toks Omishakin to the role of Secretary of the California State Transportation Agency Secretary (CalSTA). Omishakin, who will succeed Acting CalSTA Secretary Elissa Konove, currently serves as Director of the California Department of Transportation (Caltrans). As you may recall, Konove was elevated to the role of Acting CalSTA Secretary, following the resignation of David Kim from his role of CalSTA Secretary earlier this year.

Governor Newsom Signs Bill Reinstating COVID-19 Supplemental Paid Sick Leave

On February 9, Governor Newsom signed SB 114 (Committee on Budget and Fiscal Review), requiring employers (including public agencies) with more than 25 employees to provide COVID-19 supplemental paid sick leave. The law, effective February 19 and retroactive to January 1, 2022, requires employers to provide up to 40 hours of COVID-19 supplemental paid sick leave to a covered employee, if the employee is unable to work or telework because the employee is:

1. Subject to quarantine or isolation related to COVID-19 as defined by the State Department of Public Health, Centers for Disease Control and Prevention, or a local health officer who has jurisdiction over the workplace;
2. Advised by a health care provider to self-quarantine due to concerns related to COVID-19;
3. Attending an appointment for themselves or a family member to receive a COVID-19 vaccine or a vaccine booster;
4. Experiencing symptoms related to a COVID-19 vaccine or a vaccine booster that prevents the employee from being able to work;
5. Experiencing COVID-19 symptoms, and is seeking a medical diagnosis;
6. Caring for a family member who has symptoms from a COVID-19 vaccine or a vaccine booster;
7. Caring for a family member who is subject to quarantine or isolation; or,
8. Caring for a child whose school or place of care is closed due to COVID-19.

The law further requires employers to provide up to an additional 40 hours more of COVID-19 supplemental paid sick leave to a covered employee, if the employee, or a family member for whom the covered employee is providing care, tests positive for COVID-19.

The supplemental paid sick leave will remain in effect through September 30, 2022.

**Bills with Recommended Action**

**AB 2197 (Mullin) – Caltrain Electrification Funding.** This bill appropriates $260 million from the state’s General Fund to the California State Transportation Agency for the purpose of closing the funding gap for the Caltrain Electrification Project. *Recommend support.*

**Bills of Interest**

**AB 1919 (Holden) – Free Student Transit Passes.** This bill is an intent bill that declares the intent of the Legislature to enact future legislation to provide free access to student transit passes for public school, CSU, UC, and CCC students.

**SB 917 (Becker) – Seamless.** This bill would require the Metropolitan Transportation Commission (MTC) to develop and adopt a Connected Network Plan; adopt an integrated transit fare structure; develop a comprehensive, standardized regional transit mapping and wayfinding system; develop an implementation and maintenance strategy and funding plan; and establish open data standards to support a more integrated public transportation network in the nine-county San Francisco Bay Area. This bill would also require the region’s transit agencies to comply with those established integrated fare structure, regional transit mapping and wayfinding system, implementation and maintenance strategy and funding plan, and open data standards.

**SB 922 (Wiener) – CEQA Exemptions for Transit.** This bill would permanently extend statutory exemptions from the requirement of the California Environmental Quality Act for clean transportation projects, including charging and facilities for zero-emission rail, station-area improvements, and first/last mile connections for bike and ped. This bill is a follow up to SB 288 (Wiener, 2020) which Caltrain supported. This bill was introduced on February 3 and because the Senate waived the 30-day waiting period for this bill (and the other Senate bills below), it is eligible to be heard in policy committee before March 6.

**SB 942 (Newman) Low Carbon Transit Operations Program: Free or Reduced Fare Transit Program.** This bill would provide California public transit agencies with the flexibility to use Low Carbon Transit Operations Program funds for free or reduced-fare transit programs on an ongoing basis. This flexibility will ensure the long-term sustainability and benefits of free youth ridership programs that expand access to public transit and create lifelong riders.

**Grants**

**Transit and Intercity Rail Capital Program ($500 million - $600 million in Cycle 5)** – The Transit and Intercity Rail Capital Program (TIRCP) provides grants from the Greenhouse Gas Reduction Fund to fund transformative capital improvements that will modernize California’s intercity, commuter, and urban rail systems, and bus and ferry transit systems, to significantly reduce emissions of greenhouse gases,
vehicle miles traveled, and congestion. Eligible projects include zero-emission vehicles and associate fueling or charging infrastructure of facility modifications.

**Current Guidelines:** Found [here](#)

**Status:** Funding cycle open; project applications due March 3, 2022

The CTC is currently hosting workshops (through April 2022) for the three SB 1 programs it oversees – the Solutions for Congested Corridors Program (SCCP), Local Partnership Program (LPP), and the Trade Corridor Enhancement Program (TCEP). The CTC will solicit applications for the next round of funding in Summer 2022 and announce project awards in Summer 2023. As a reminder, in late-2020, the California Transportation Commission awarded grants for three SB 1 programs – the Solutions for Congested Corridors Program, Local Partnership Program, and the Trade Corridor Enhancement Program.

**Grade Separation Funding** - Below is a list of the funding sources that we are aware of and/or that have been used to fund grade separations in the recent years. The funding sources below are managed across various state agencies and departments, including the Public Utilities Commission (PUC), the California State Transportation Agency (CalSTA), the California Transportation Commission (CTC), and Caltrans.

PUC Section 190 Grade Separation Program – The Program is a state funding program to grade separate crossings between roadways and railroad tracks and provides approximately $15 million annually, transferred from Caltrans. Agencies apply to the PUC for project funding.

State Transportation Improvement Program – The STIP, managed by Caltrans and programmed by the CTC, is primarily used to fund highway expansion projects throughout the state, but also supports grade separations. The STIP is programmed every two years (currently the 2018 STIP added $2.2 billion in new funding). Local agencies receive a share of STIP funding, as does the State. The STIP is funded with gasoline excise tax revenues.

Transit and Intercity Rail Capital Program – As discussed above, the TIRCP is managed by CalSTA and is available to fund rail and transit projects that reduce greenhouse gas emissions. The program receives funding from Cap and Trade and the recently created Transportation Improvement Fee to the tune of approximately $500 million per year. The TIRCP is programmed over five years, with the most recent cycle beginning in May 2018. Caltrain received $160 million for the CalMod project.

Proposition 1A – This $9.9 billion Bond Act is the primary funding source for the high-speed rail project and has been used to fund a very limited number of grade separation projects in the past, including in the City of San Mateo.

<td>Existing law creates the Clean Transportation Program, administered by the State Energy Resources Conservation and Development Commission (Energy Commission), to provide, among other things, competitive grants and revolving loans to specified entities for those entities to develop and deploy innovative technologies that transform California’s fuel and vehicle types to help attain the state’s climate change policies. Existing law requires the Energy Commission to develop and adopt an investment plan to determine priorities and opportunities for the program. Existing law requires the Energy Commission, in consultation with the State Air Resources Board (state board), as part of the development of the investment plan, to assess whether charging station infrastructure is disproportionately deployed, as specified, and, upon finding disproportionate deployment, to use moneys from the Alternative and Renewable Fuel and Vehicle Technology Fund, as well as other mechanisms, including incentives, to more proportionately deploy new charging station infrastructure, except as specified. Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations, while local publicly owned electric utilities are under the direction of their governing boards. Existing law requires the PUC, in consultation with the Energy Commission and the state board, to direct electrical corporations to file applications for</td>

programs and investments to accelerate widespread transportation electrification to, among other things, reduce dependence on petroleum and reduce emissions of greenhouse gases to 40% below 1990 levels by 2030 and to 80% below 1990 levels by 2050. The PUC is required to approve, or modify and approve, programs and investments in transportation electrification, including those that deploy charging infrastructure, through a reasonable cost recovery mechanism, if certain requirements are met. Beginning July 1, 2023, this bill would require a person who receives an incentive funded by a state agency or through a charge on ratepayers to install, own, or operate a charging station, in whole or in part, to report charging station uptime, as defined. The bill would require the Energy Commission, in consultation with the PUC, to develop a formula to calculate uptime to provide consistent, standardized reporting of information. This bill contains other existing laws.

**AB 2237 (Friedman D)**

Regional transportation plan: Active Transportation Program.

(1) Existing law requires the Strategic Growth Council, by January 31, 2022, to complete an overview of the California Transportation Plan and all sustainable communities strategies and alternative planning strategies, an assessment of how implementation of the California Transportation Plan, sustainable communities strategies, and alternative planning strategies will influence the configuration of the statewide integrated multimodal transportation system, and a review of the potential impacts and opportunities for coordination of specified funding programs. This bill would require the council to convene key state agencies, metropolitan planning agencies, regional transportation agencies, and local governments to assist the council in completing the report. The bill would require that the report be completed by July 1, 2024, and additionally assess, among other things, barriers to the achievement of, and recommend actions at the state, regional, and local levels to achieve, state and regional greenhouse gas emissions reduction targets related to the California Transportation Plan and all sustainable communities strategies and alternative planning strategies, as specified. This bill contains other related provisions and other existing laws.

**AB 2357 (Ting D)**

Surplus land.

Existing law prescribes requirements for the disposal of surplus land by a local agency, as defined, and requires, except as provided, a local agency disposing of surplus land to comply with certain notice requirements prior to disposing of the land or participating in negotiations to dispose of the land with a prospective transferee, particularly that the local agency send a notice of availability to specified entities that have notified the Department of Housing and Community Development of their interest in surplus land, as specified. Under existing law, if the local agency receives a notice of interest, the local agency is required to engage in good faith negotiations with the entity desiring to purchase or lease the surplus land. This bill would also require the department to maintain on its internet website a listing of all entities, including housing sponsors, that have notified the department of their interest in surplus land for the purpose of developing low- and moderate-income housing. This bill contains other related laws.

Existing law establishes the Labor and Workforce Development Agency, under the supervision of the Secretary of Labor and Workforce Development. Existing law establishes within the Labor and Workforce Development Agency, the Department of Industrial Relations, to foster, promote, and develop the welfare of the wage earners of California and to advance their opportunities for profitable employment, among other duties. This bill would require the Labor and Workforce Development Agency to create 2 programs, to be known as the California Jobs Plan Program and the United States Jobs Plan Program. The bill would require the programs to meet specified objectives, including supporting the creation and retention of quality, nontemporary full-time jobs, as specified, and the hiring of displaced workers and individuals facing barriers to employment. The bill would require, as a component of applications for covered public contracts, as defined, the creation of forms for each program that state the minimum numbers of proposed jobs that are projected to be retained and created if the applicant wins the covered public contract. These components of the application would be known as the California Jobs Plan and the United States Jobs Plan, which the bill would define. Pursuant to these definitions, applicants for covered public contracts would state the minimum number of jobs, proposed wages, benefits, investment in training, specific protections for worker health and safety, and targeted hiring plans for displaced workers and individuals facing barriers to jobs, as specified, in exchange for covered public contracts. The bill would require an applicant for a covered public contract that uses entirely state and local funds to complete a California Jobs Plan form, while applicants for covered public contracts that use any amount of federal funds would complete the United States Jobs Plan. This bill contains other related provisions and other existing laws. Amended: 8/30/2021

Existing state sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. The Sales and Use Tax Law provides various exemptions from those taxes. This bill, on or after January 1, 2022, would provide an exemption from those taxes with respect to the sale in this state of, and the storage, use, or other consumption in this state of, a qualified motor vehicle, as defined, sold to a qualified buyer, as defined. The bill would provide that this exemption does not apply to specified state sales and use taxes from which the proceeds are deposited into the Local Revenue Fund, the Local Revenue Fund 2011, or the Local Public Safety Fund. This bill contains other related provisions and other existing laws. Amended: 5/11/2021

Existing law creates the Metropolitan Transportation Commission, as a local area planning agency and not as a part of the executive branch of the state government, to provide comprehensive regional transportation planning for the region comprised of the City and County of San Francisco and the Counties of Alameda, Contra Costa, Marin, Napa, San Mateo, Santa Clara, Solano, and Sonoma. This bill would require the commission to develop and adopt a Connected Network Plan, adopt an integrated transit fare structure, develop a comprehensive, standardized regional transit mapping and wayfinding system, develop an implementation and maintenance strategy and funding plan, and establish open data standards, as specified. The bill would require the region's transit agencies, as defined, to comply with those established integrated fare structure, regional transit mapping and wayfinding system, implementation and maintenance strategy, funding plan, and open data standards. This bill contains other related provisions and other existing laws.

The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA, until January 1, 2030, exempts from its requirements bicycle transportation plans for an urbanized area for restriping of streets and highways, bicycle parking and storage, signal timing to improve street and highway intersection operations, and related signage for bicycles, pedestrians, and vehicles under certain conditions. This bill would extend the above exemption indefinitely. The bill would also repeal the requirement that the bicycle transportation plan is for an urbanized area and would extend the exemption to an active transportation plan or pedestrian plan, or for a feasibility and planning study for active transportation, bicycle facilities, or pedestrian facilities. This bill contains other related provisions and other existing laws.

Introduced: 2/3/2022

Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board as part of a market-based compliance mechanism to be deposited into the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law continuously appropriates specified portions of the annual proceeds in the fund to various programs, including 5% for the Low Carbon Transit Operations Program, which is administered by the Department of Transportation and provides operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility. Existing law requires each of those transit agencies to demonstrate that each expenditure of program moneys allocated to the transit agency reduces the emissions of greenhouse gases and does not supplant another source of funds, to use those moneys to provide transit operating or capital assistance, to use at least 50% of those moneys to benefit disadvantaged communities, and to submit specified information to the department before seeking a disbursement of those program moneys, as specified. This bill would authorize a transit agency that uses program moneys to fund a free or reduced fare transit program and that demonstrates compliance with the above-described requirements in its initial program application to continue to use those moneys to maintain that program on an ongoing basis without demonstrating continued compliance with those requirements. This bill contains other related provisions and other existing laws.

Introduced: 2/3/2022

Existing law creates various transit districts throughout the state, with specified powers and duties relative to providing public transit service. Existing law provides various provisions applicable to all public transit and transit districts. This bill would require certain transit districts to develop and implement initiatives to address the street harassment, as defined, of persons traveling by their systems at any point along the whole journey, as defined, and to consider the
safety concerns and needs of these persons when planning, designing, and operating their systems. The bill would require these initiatives to be developed based on specified ridership data and in coordination and consultation with persons who travel by their systems, and would require those transit agencies to conduct outreach in multiple languages in order to reach limited English proficient persons impacted by street harassment. The bill would require these initiatives to include changes to policies, design, operations, or other aspects of transit systems, as specified. To the extent the bill imposes additional duties on a local agency, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Introduced: 2/17/2022

<table>

Caltrain
As of February 16, 2022 Federal Transportation Report

Congressional Update

Capitol Hill State of Play

- Lawmakers have returned to Washington for the second session of the 117th with much left on their to-do list, while facing election-year headwinds. Both chambers are in session for a brief 100 days of in-person session in Washington, and the year will quickly become focused on the November 2022 mid-term elections with Democratic House and Senate majorities at stake; any significant legislation will be raised with an eye toward the November elections.

- President Biden will deliver his State of the Union address on March 1, during which the president is expected to preview his FY 2023 budget request. The budget request will be formally introduced shortly after the State of the Union.

Federal Appropriations Negotiations Underway

- Lawmakers’ agenda also includes legislation to fund the federal government in fiscal year (FY) 2022. The current stopgap spending measure (CR) expires Feb. 18. Last week, the House passed a short-term CR that continues to fund the federal government until March 11. The Senate is expected to pass it by February 18.

- Lawmakers are seeking to avoid a year-long CR that would translate into flat funding for many programs; would not include the increased funding for the Bipartisan Infrastructure Law transit formula programs and will not allow any new programs that the bill created to be implemented until FY 2022 appropriations bill is signed into law.

- Senate Appropriations Committee leadership has announced that a framework for a full-year FY 2022 omnibus spending bill has been reached.

- While additional time is needed for appropriators to decide on dollar amounts for each subcommittee, progress is being made. Senate Appropriations Chairman Patrick Leahy (D-VT) said last week that the committee is “close” to sending subcommittee leaders their allocations in order for them to begin producing their final bills.

- Expectation is that an FY 2022 omnibus appropriations bill will be ready and voted on prior to March 11. After the FY 2022 bill is completed, Congress will begin to work on the FY 2023 appropriations bills.
Department of Transportation Update

FTA Releases Partial Apportionments

- On February 4, the Federal Transit Administration (FTA) announced nearly $5 billion in FY 2022 transit formula funding available to transit agencies and states.
- These apportionment tables show a breakdown of funding based on statutory formulas.
- Full-year apportionments will be available after Congress passes an omnibus appropriations bill.

White House to Host Infrastructure Webinars

- The White House is launching “Infrastructure School”, a series of twelve webinars over the coming weeks that will provide an in-depth look into the programs contained within each of the twelve major chapters in Bipartisan Infrastructure Law Guidebook.
- The sessions are organized into issues areas and are outlined with registration links below:
  - Electric Vehicles: Tuesday, February 22 at 4 – 5 PM ET [Register]
  - Public Transportation: Thursday, February 24 at 4 – 5 PM ET [Register]
  - Rail Road: Tuesday, February 28 at 4 – 5 PM ET [Register]
  - Roads, Bridges and Major Projects: Thursday, March 3 at 4 – 5 PM ET
  - Safety: Tuesday, March 8 at 4 – 5 PM ET
  - Resilience: Thursday, March 17 at 4 – 5 PM ET
- The administration has also released a tentative infrastructure communications planning calendar to help amplify messaging and events around the bipartisan infrastructure law implementation. Holland & Knight has shared this with Caltrain.

DOT Announces Availability of $1.5 Billion in RAISE Grant Funding

- On January 28, the Department of Transportation (DOT) published a Notice of Funding Opportunity (NOFO) for $1.5 billion in grant funding through the Rebuilding American Infrastructure with Sustainability and Equity (RAISE) discretionary grant program.
- This is the first discretionary funding program to accept applications as directed by the Bipartisan Infrastructure Bill. The $1.5 billion in available funding for 2022 represents a 50 percent increase in available funds compared to last year.
- Projects will be evaluated on statutory criteria including safety, environmental sustainability, quality of life, economic competitiveness (including workforce opportunities) and opportunity, state of good repair, partnership, and innovation. DOT is
also encouraging applicants to consider how projects can address climate change, ensure racial equity, and remove barriers to opportunity.

- Under the IIJA, 2022 RAISE applications will also be evaluated on the criteria of mobility and community connectivity.
- At least $15 million in funding is guaranteed to go towards projects located in Areas of Persistent Poverty or Historically Disadvantaged Communities. To help reach this goal, the Department has launched a tool that will allow applicants to determine if their project location is considered as a Historically Disadvantaged Community.

- The deadline for applications is 5 p.m. EST on April 14, 2022, and selections will be announced no later than August 12, 2022.

**Amit Bose Is Confirmed as Administrator of the Federal Railroad Administration**

- On January 12, Amit Bose was confirmed as the 15th Administrator of the Federal Railroad Administration (FRA).

- As FRA Administrator, Bose will lead safety regulatory oversight of more than 800 freight and passenger railroads, national rail policy, planning and environmental activities, as well as the agency’s financial assistance grant programs. Bose will also oversee FRA programs to improve and modernize the nation’s freight and passenger rail network by administering an unprecedented $66 billion investment in rail projects under the IIJA.
  - Those funds will be supplemented by an additional $36 billion in annual authorized appropriations over five years to support projects and programs that improve safety, reliability, efficiency, resiliency, equity, and sustainability.

- Bose previously worked at HNTB, an architectural and engineering firm and at DOT during the Obama-Biden Administration as FRA’s Director of Governmental Affairs, Senior Advisor, Chief Counsel, and ultimately as Deputy Administrator. He also served in the Office of the Secretary as Associate General Counsel and Deputy Assistant Secretary for Governmental Affairs.

SUBJECT: CAPITAL PROJECTS QUARTERLY STATUS REPORT – 2ND QUARTER FISCAL YEAR 2022

ACTION
Staff Coordinating Council recommends the Board receives the Capital Projects Quarterly Status Report which has been retooled with a new format. The report is in the following link:

SIGNIFICANCE
The Capital Projects Quarterly Status Report is submitted to keep the Board advised as to the scope, budget and progress of current ongoing capital projects.

BUDGET IMPACT
There is no impact on the budget.

BACKGROUND
Staff prepares the Capital Projects Quarterly Status Report for the Board on a quarterly basis. The report is a summary of the scope, budget and progress of capital projects. It is being presented to the Board for informational purposes and is intended to better inform the Board of the capital project status.

Prepared By: Robert Cheung
Deputy Director, Project Controls
Revised Capital Program

- Re-tooling Project Delivery
- Capital Program Quarterly Report: FY22 – Q2
- Focus Project Report
Re-Tooling Project Delivery

- **Goal**
  - Stabilize rail organization to ensure appropriate resources are in place to **deliver the service vision**
  - Rebuild and strengthen team to create the technical capacity and capability to design, build and manage work with **excellence**
Re-Tooling Project Delivery

- Implementation
  - People
  - Tools and Reporting – manage what you measure
  - Organizational Development – strengthen the team
  - Delivery Tools
Revised Capital Program

- Re-tooling Project Delivery
- Capital Program Quarterly Report: FY22 – Q2
Caltrain’s Rail Development Team is currently managing 22 capital projects:

- 7 in Construction
- 3 in Bidding
- 12 in Design
# Revised Capital Program Quarterly Report: FY22 – Q2

- Mitigation plans developed and being implemented
- Some projects to be re-baselined with changed conditions
Concerning List (Projects with Red Status Lights)

- 25th Ave Grade Separation
- Mary Avenue Traffic Signal Pre-emption
- Automatic Passenger Counters at San Francisco 4th & King Station
- Bayshore Station Overpass Pedestrian Bridge Rehabilitation
- Broadband Project
- Guadalupe River Bridges Replacement and Extension
- Burlingame Broadway Grade Separation
- Rengstorff Grade Separation

Mitigation plans in process to address variance from project baseline
Concerning List (Projects with Red Status Lights)

- 25th Ave Grade Separation – schedule
- Mary Avenue Traffic Signal Pre-emption - schedule
- Automatic Passenger Counters at San Francisco 4th & King Station - schedule
- Bayshore Station Overpass Pedestrian Bridge Rehabilitation – budget/funding
- Broadband Project - schedule
- Guadalupe River Bridges Replacement and Extension - schedule
- Burlingame Broadway Grade Separation - schedule
- Rengstorff Grade Separation – schedule

Mitigation plans in process to address variance from project baseline

1. Continue to evaluate Value Engineering Option 3 with the City of Burlingame to revise center boarding platform to side boarding. Meeting set with executive leadership in early January 2022 to reach consensus.

Issue and planned mitigation
Revised Capital Program

- Re-tooling Project Delivery
- Capital Program Quarterly Report: FY22 – Q2
- Focus Project Report – Burlingame Broadway Grade Separation
Broadway Grade Separation Project
Location: City of Burlingame

- Ped / Bike Access
- Broadway & Morrell Ave. to be grade-separated
- New grade separated access at Carmelita Ave.
Project Goals

Enhance
• East-west connectivity
• Pedestrian, bicyclist & motorist safety

Improve
• Customer experience with new station
• Efficiency of rail operations

Reduce
• Delays
• Automobile congestion & emissions
Project Scope

- Grade separate the railroad and Broadway
- Build new station with center boarding platform with ramp and stair access
- Station parking on east side of tracks with access to/from Carolan Ave
- Pedestrian and bicycle crossings at Broadway, Carmelita, and Morrell
- Two temporary shoofly tracks east of existing mainline to maintain train operation during construction
### Status Update

- The Project is Moving Forward
- Key Concerns Addressed

Will **re-baseline** project scope, schedule, and budget to incorporate selected value engineering alternatives.
Project Delivery Method

Exploring Construction Manager / General Contractor (CM/GC)

Legal Framework
- Allowed per California Public Contract Code 103394 et seq.
- Used by Caltrans and others in California

Goals
- Safely deliver high quality infrastructure
- Effective scope, schedule, budget Management
  - Early Contractor involvement
  - Early contracting packages like utility relocations
  - Constructability reviews
  - Appropriate risk allocation
  - Improved cost and schedule certainty
- Minimize impacts to community and Caltrain Operations
- Provide meaningful opportunity for diversity contracting
Questions
PENINSULA CORRIDOR JOINT POWERS BOARD
STAFF REPORT

TO: Joint Powers Board

THROUGH: Michelle Bouchard
Acting Executive Director

FROM: Sebastian Petty
Chief Communications Officer

SUBJECT: METROPOLITAN TRANSPORTATION COMMISSION (MTC) NETWORK MANAGEMENT BUSINESS CASE UPDATE

ACTION
None

SIGNIFICANCE
MTC convened the Blue Ribbon Transit Recovery Task Force (the BRTRTF) in May 2020 in response to the COVID-19 pandemic. Membership of the BRTRTF included General Managers of a number of transit agencies, along with MTC Commissioners, State of California representatives and other key stakeholders. The first charge of the BRTRTF was to advise MTC on the fair distribution of federal relief funds under the 2020 Federal CARES Act. Next, the BRTRTF supported transit operators’ efforts to determine essential public safety commitments as COVID protocols were evolving. Then in late 2020, the BRTRTF turned its focus to work on the Bay Area Transit Transformational Action Plan (Plan). The purpose of the Plan is to identify specific, near term actions needed to achieve a more connected, efficient and user-focused mobility network across the Bay Area and beyond.

The Plan was unanimously approved by the BRTRTF in July of 2021. The document identifies five key outcomes for the Bay Area’s regional transit network in the areas of fares and payment, customer information, the transit network, accessibility and funding and further specifies 27 actions needed to advance the plan.

Within the overall Action Plan there are several studies that specifically address ongoing work in the area of transit coordination and governance. Of these, the Network Manager Business Case study is the most advanced and is the primary focus of this update. Caltrain staff, including Acting Executive Director Michelle Bouchard, participate in the Technical Advisory Committee (TAC) for the Network Manager Business Case study and the update to the WPLP Committee will include a summary of recent information shared with this group including information on the Business Case process and the range of potential
network management alternatives that will be evaluated as part of the study. The update will also highlight MTC’s ongoing related work on the Regional Rail Partnerships Grant and a planned update to MTC’s Resolution 3866.

**BUDGET IMPACT**
No budget impact.
