I like the Creeping Fig better

Ivy loses its leaves in the winter

I like the Creeping Fig better

Can we break up the flat surface of the wall?  
Through some artistic use of the wall blocks?  
Different color blocks...top and side caps...variations to the blocks making up the wall.

I like the Boston Ivy better

Will this grow equally on both sides of the "wall"?

I like the Creeping Fig better

I strongly encourage the planting of Creeping Fig because

## Parking Track Neighborhood Enhancement - Wall Vegetation Selection

Which wall vegetation would you prefer for the neighborhood enhancement along Railroad Avenue in Hayward Park?

1. It is maintenance free, vs. Boston Ivy which will require maintenance which I doubt CalTrain is prepared to provide.  
2. It does not attract rodents like Boston Ivy. We already have an increase in rats due to all the major construction near the tracks and do not need to provide an environment which encourages more.
