

Bicycle Advisory Committee - Follow Up Items

FOLLOW UP REPORT - BAC as of November 2013					
Requestor	Request for Action	Staff Responsible	Dt. Requested	Dt. Completed	Comments
Garrett Turner & Wes Brinsfield	Statistics on bike theft - onboard, which stations, types of trains	D. Triolo	9/19/2013	ongoing	Staff is looking into better ways to track this information, such as creating an online form for bike thefts. Once a list of ideas is created, staff would like to hear the BAC's feedback at a future meeting.
Edward Saum	Trains 274 and 376 used the same platform out of SF	A. Maguigad	9/19/2013	11/20/2013	These two trains are not scheduled to share a platform. A random look at dates in September and November confirms that this does not happen on a routine basis. When this does occur, it is likely the result of service disruptions that necessitate the need to swap equipment and/or crews to provide service. Please provide dates in the future, so we can give a more accurate description of what happened.
Edward Saum	Clarification about rules using foldable detachable bike trailers	A. Maguigad	9/19/2013	11/20/2013	Per our bicycle policy, "training wheels, detachable or collapsible trailers or large, bulky attachments which expand bike width, such as saddlebags, baskets, backpacks or briefcases, are not allowed." Found at www.caltrain.com/riderinfo/Bicycles/Bicycle_General_Info.html .
Steve Vanderlip	Add a section to the agenda to address customer complaints.	T. Bartholomew	9/19/2013	11/15/2013	A correspondence section has been added to the agenda.
Garrett Turner	Can the Monthly Safety & Security Report be posted online?	T. Bartholomew	9/19/2013	11/20/2013	The Monthly Safety & Security Report will be posted soon under the Statistics and Reports area of the Caltrain website.
