

Bicycle Advisory Committee - Follow Up Items

<i>FOLLOW UP REPORT - BAC for January 2014</i>					
Requestor	Request for Action	Staff Responsible	Dt. Requested	Dt. Completed	Comments
Darcy Forsell	From correspondence packet - can tape be put to mark aisle in trains so more than 4 bikes can be racked at once	A. Maguigad	11/21/2013	1/15/2014	For safety reasons, we need to limit the number of bicycles on board to a number that has been determined to be manageable in an emergency. While some may be able to stack their bikes in such a way that may seem to allow more bicycles on board, this is not always the case.
