

Bicycle Advisory Committee - Follow Up Items

FOLLOW UP REPORT - BAC for March 19, 2015						
#	Requestor	Request for Action	Staff Responsible	Dt. Requested	Dt. Completed	F
41	Ed Saum and Catherine Young	Update on 3rd bike car - MetroLink cars	A. Maguigad	1/15/2015	3/19/2015	To date, the cars remain in Metrolink's yard in Southern California. TASI was hired to coordinate the transportation and shipment of the 16 rail cars to our San Jose facility. It is a complex process shipping railcars through freight carriers (BNSF and UP). We continue to be delayed. Until the cars are scheduled to be picked up, we do not have a timeline to predict when they will arrive in San Jose.
42	Garrett Turner	Ad Hoc Committee: Timetables/Scheduling - wants to make sure the committee gets involved in the planning process early	A. Maguigad	1/15/2015	open	ongoing
43	Dan Provence	Electronic lockers - how it works and pricing; Planning for more bike capacity parking at stations.	S. Petty	1/15/2015	3/19/2015	Sebastian will address existing bike lockers, planned electronic lockers and future bike lockes under the staff report at the 3/19/15 BAC meeting.
44	Wes Brinsfield	Summary of electrification FEIR.	D. Couch	1/15/2015	3/19/2015	This item is agendized for the March 19, 2015 and will be addressed in a CalMod update presentation.
45	Steve Vanderlip	Study on first and last mile connections - cost.	S. Petty	1/15/2015	3/19/2015	Caltrain applied for an FTA grant that addresses this issue. The agency won't know whether it received the grant until sometime in spring. If granted, staff will then begin working on the scope and timing of the study.
46	Shirley Johnson	Update the scoring sheet on the Bicycle Access & Parking Plan document.	S. Petty	1/15/2015	3/19/2015	Petty adjusted the schedule and can elaborate at the 3/19/15 BAC meeting.
