TITLE: Project Control Analyst II-Scheduler
EMPLOYMENT TYPE: Non-Exempt
DIVISION: Rail Design & Construction
APPLICATION DEADLINE: **Continuous Recruitment Until Filled**
PAY RANGE: \$1563-\$2345 per week (\$81,306- \$121,960 estimated annual)
WORK LOCATION: San Carlos, CA

JOB SUMMARY: The Project Controls Analyst II/Scheduler reports to the Deputy Director, Project Controls, and is responsible for project finances, schedules, and risk management for the Peninsula Corridor Joint Powers Board (Caltrain).

EXAMPLES OF ESSENTIAL FUNCTIONS:

- Develop, manage, and update official project schedules and baselines for Capital Projects.
- Prepare project's Status Reports based on project teams and other relevant stakeholders' input, the district's financial system, schedule system, and any other project related information system.
- Develop and implement Key Performance Indicators (KPI) to monitor project performance and related processes including budgeting, estimating, change management, quality, and others.
- Support project teams in developing project budgets and their allocation, performing cost control, estimating cash flows, analyzing trends to identify budget and funding gaps, and obtaining and managing funding.
- Assist in the development and update of process documentation including procedures, instructions, and training material.

EXAMPLE OF DUTIES:

- Analyze project's baselines, official schedules, contractor's baselines, and contractor's schedule updates.
- Forecast expenditure, plan budgets, classify costs by type, track labor-hours allocated to a project, verify invoices, and manage change events that impact the budget.
- Analyze project performance data, including Earned Value related KPIs, and assist in the development of project recovery plans.
- Develop status reports and presentation materials for internal and external stakeholders.
- Assist in the administration software systems in support of Project Management processes.
- Perform or follow up changes approved by Management or Contract Change Committees.
- Track and process progress payments, contract changes, funding issues, procurement requisitions and other project financial related issues.
- Perform all job duties and responsibilities in a safe manner to protect one's self, fellow employees, and the public from injury or harm. Promote safety awareness and follow safety procedures in an effort to reduce or eliminate accidents.
- Perform other duties as assigned.

SUPERVISION: Works under the general supervision of the Deputy Director, Project Controls who establishes goals and objectives and evaluates performance.

MINIMUM QUALIFICATIONS: Sufficient experience, training and/or education to demonstrate the knowledge and ability to successfully perform the essential functions of the position. In lieu of a degree, work-related experience that demonstrates the skills and experience necessary to perform this role will be accepted. Development of the required knowledge and abilities is typically obtained through but not limited to:

- Bachelor's degree in construction, Engineering, Architecture, or related fields.
- Two years of professional full-time experience in scheduling construction projects,
- Additional years of full-time experience in scheduling construction projects may be substituted in lieu of the degree requirement on a year for year basis.

PREFERRED QUALIFICATIONS:

- Two years of working experience with Primavera P6.
- Experience in Earned Value Management.
- Strong, written, verbal, organizational and interpersonal skills.
- Experience in project finances.
- Experience in cost engineering.
- Project Management Professional (PMP) or Certified Cost Professional (CCP) certifications.

SELECTION PROCESS:

The process may include written and skills test assessments or supplemental questions and will require a panel interview. Only those candidates who are the most qualified will continue in the selection process. Meeting the minimum qualifications does not guarantee an invitation to continue in the process.
