

CALTRAIN ELECTRIFICATION

SAN JOSE DIRIDON PEDESTRIAN ACCESS NOTICE | August 2023

UPCOMING ACTIVITIES AND ACCESS IMPACTS

Beginning August 30 until August 31, Caltrain will be painting an OCS pole near Diridon station in San Jose for the Caltrain Electrification project that will require a temporary closures of a pedestrian access route along White Street near Diridon Station.

From August 30 to 31 between the hours of 8:30 am and 4:30 pm there will be a temporary pedestrian closure along White Street. Work may continue to September 1 if necessary.

Directional signs will direct pedestrians to an alternate pedestrian access route.

A map of the closure area and detour area is provided at the bottom of this notice.

CONSTRUCTION ACTIVITIES

During the temporary access closures, crews paint an OCS pole as part of Caltrain Electrification. The area will need to be closed to pedestrians due to staging of equipment and performance of the work.

Caltrain has established a dedicated project hotline and email for residents concerned about these potential impacts.

PROJECT OVERVIEW

Over the last decade, Caltrain has experienced a substantial increase in ridership and anticipates further increases in ridership demand as the Bay Area's population grows. Caltrain Electrification, scheduled to be operational by 2024, will electrify and upgrade the performance, operating efficiency, capacity, safety and reliability of Caltrain's commuter rail service.

Caltrain electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to record and respond to questions and comments from residents and stakeholders.

The project information line can be reached at **650.399.9659** or toll free at **800.660.4287**.

The project e-mail is calmod@caltrain.com
