

CALTRAIN ELECTRIFICATION

ALMA STREET LANE CLOSURE NOTICE | September 2023

UPCOMING ACTIVITIES AND LANE CLOSURE

Between the period of September 5 and September 8, Caltrain will be performing potholing work in Palo Alto that will require a partial closure of Alma Street at East Meadow Drive and Alma Street at Charleston Road railroad crossings to vehicle, bicycle and pedestrian traffic. The temporary closures are required due to construction equipment and crews entering and exiting the Caltrain right-of-way.

Work will take place September 5 through September 8 between 9:00 a.m. to 3:00 p.m. on Tuesday through Friday.

Directional signs will direct vehicle traffic to use either the eastbound lane or westbound lane of Alma Street as a detour during construction. **Only one lane will be closed at a time.** The westbound lane will remain open when work requires closure of the eastbound lane. Once work in the eastbound lane is complete, crews will then close the westbound lane and open the eastbound lane for detour traffic.

Lane closure maps are provided at the end of this notice for vehicle, bicycle and pedestrian traffic.

CONSTRUCTION ACTIVITIES

During the closure work will consist of potholing and repaving as a part of the Caltrain Electrification project. Construction activities require these temporary closures to comply with safety regulations.

PROJECT OVERVIEW

Over the last decade, Caltrain has experienced a substantial increase in ridership and anticipates further increases in ridership demand as the Bay Area's population grows. Caltrain Electrification, scheduled to be operational by 2024, will electrify and upgrade the performance, operating efficiency, capacity, safety, and reliability of Caltrain's commuter rail service.

Caltrain electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to record and respond to questions and comments from residents and stakeholders.

The project information line can be reached at **650.399.9659** or toll free at **800.660.4287**.

The project e-mail is calmod@caltrain.com

Sign up for weekly construction updates can be found online at: <https://www.caltrain.com/projects/electrification/get-involved>
