

CALTRAIN ELECTRIFICATION

SUNNYVALE AVENUE LANE CLOSURE NOTICE | September 2023

UPCOMING ACTIVITIES AND LANE CLOSURE

Beginning September 11, Caltrain will begin performing conduit work in Sunnyvale that will require a temporary lane closure of Sunnyvale Avenue near the E. Hendy Avenue intersection to vehicle and bicycle traffic. The temporary lane closure is required due to conduit work and construction equipment and crews entering and exiting the Caltrain right-of-way near Sunnyvale Avenue.

Work will take place Mondays through Fridays, from September 11-22. Work hours are from 8:30 a.m. to 4 p.m.

Directional signs will direct vehicle and bicycle traffic to use the open lane. **Only one lane of Sunnyvale Avenue will be closed.**

A detour map is provided at the bottom of this notice for vehicle and bicycle traffic.

CONSTRUCTION ACTIVITIES

During the closure, crews will be installing conduit in support of electrification infrastructure. Work will consist of excavation, installation, and repaving. Crews will utilize equipment that requires the temporary partial closure of the street.

Caltrain has established a dedicated project hotline and email for residents concerned about these potential impacts.

PROJECT OVERVIEW

Over the last decade, Caltrain has experienced a substantial increase in ridership and anticipates further increases in ridership demand as the Bay Area's population grows. Caltrain Electrification, scheduled to be operational by 2024, will electrify and upgrade the performance, operating efficiency, capacity, safety, and reliability of Caltrain's commuter rail service.

Caltrain electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to record and respond to questions and comments from residents and stakeholders.

The project information line can be reached at **650.399.9659** or toll free at **800.660.4287**.

The project e-mail is calmod@caltrain.com

Sign up for weekly construction updates can be found online at: <https://www.caltrain.com/projects/electrification/get-involved>
