

CALTRAIN ELECTRIFICATION

ALMA STREET LANE CLOSURE NOTICE | November 2023

UPCOMING ACTIVITIES AND LANE CLOSURE

Beginning Saturday, November 18 at 9pm, Caltrain will be staging equipment and materials to install low voltage service along the Caltrain right-of-way in Palo Alto that will require a partial closure of one southbound lane of Alma Street between Ferne Avenue and Ely Place. The temporary closure is required due to storage of construction equipment and crews entering and exiting the Caltrain right-of-way.

Closure will take place November 18 at 9pm through November 19 at 5am.

Directional signs will direct vehicle traffic from the closed southbound lane into an open lane. **Only one lane will be closed.**

A lane closure map is provided at the end of this notice.

CONSTRUCTION ACTIVITIES

During the closure work will consist of installation of a riser for low-voltage electrical service as a part of the Caltrain Electrification project. Construction activities and storage of equipment and supplies along the Caltrain right-of-way require the temporary closure of one lane.

PROJECT OVERVIEW

Over the last decade, Caltrain has experienced a substantial increase in ridership and anticipates further increases in ridership demand as the Bay Area's population grows. Caltrain Electrification, scheduled to be operational by 2024, will electrify and upgrade the performance, operating efficiency, capacity, safety, and reliability of Caltrain's commuter rail service.

Caltrain electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to record and respond to questions and comments from residents and stakeholders.

The project information line can be reached at 650.399.9659 or toll free at 800.660.4287.

The project e-mail is calmod@caltrain.com
Sign up for weekly construction updates can be found online at: www.caltrain.com/projects/electrification/get-involved
