

CALTRAIN ELECTRIFICATION

ALMA STREET LANE CLOSURE NOTICE | January 2024

UPCOMING ACTIVITIES AND LANE CLOSURE

Between the period of January 8 to January 12, Caltrain will be performing pothole work in Palo Alto that will require a partial closure of Alma Street near the El Carmelo Ave. intersection to vehicle, bicycle and pedestrian traffic. The temporary closure is required due to potholing and construction equipment and crews entering and exiting the Caltrain right-of-way along Alma Street.

Work will take place on January 8 through January 12 between 8 a.m. to 4 p.m. on Monday through Friday.

Directional signs and cones will direct vehicle traffic to use either the northbound lane or southbound lane of Alma Street as a detour during construction. **Only one direction will be closed at a time.**

A lane closure map is provided at the end of this notice for vehicle, bicycle and pedestrian traffic.

CONSTRUCTION ACTIVITIES

During the closure, crews will be potholing to locate underground utilities. Work will consist of excavation, potholing, cutting of asphalt and concrete, and excavation restoration. Construction activities require the temporary lane closures to comply with safety regulations.

PROJECT OVERVIEW

Over the last decade, Caltrain has experienced a substantial increase in ridership and anticipates further increases in ridership demand as the Bay Area's population grows. Caltrain Electrification, scheduled to be operational by 2024, will electrify and upgrade the performance, operating efficiency, capacity, safety, and reliability of Caltrain's commuter rail service.

Caltrain electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to record and respond to questions and comments from residents and stakeholders.

The project information line can be reached at **650.399.9659** or toll free at **800.660.4287**.

The project e-mail is calmod@caltrain.com

Sign up for weekly construction updates can be found online at: www.caltrain.com/projects/electrification/get-involved
