

***Authorize the Application  
for and Receipt of Annual  
Low Carbon Transit  
Operations Program  
(LCTOP) Funds for  
Ridership Recovery  
Service Enhancement***

**JPB Finance Committee  
March 24, 2025**

# Background – Low Carbon Transit Operations Program (LCTOP)

- Provides operating and capital assistance for transit agencies
  - Reduce greenhouse gas emissions
  - Improve mobility
  - Benefit disadvantaged communities
  - Directly enhance or expand transit services
- Annual FY 2025 Allocation \$2,568,686

# Background – Ridership Recovery Service Enhancement

- LCTOP funds support continual operation of Caltrain's newly electrified service
- 20% more train service overall and 26% more train service at equity priority stations
- Providing improved service, attracting new riders, and supporting more equitable transportation options
- Will be included in FY26 Operating Budget

# Staff Recommendation

- Authorize Executive Director, or designee, to apply for and receive \$2,568,686 in FY25 LCTOP funds for Ridership Recovery Service Enhancement
