

# ***Resolution to Support Caltrain's Application Measure A and W ACR/TDM Program***

**JPB Finance Committee  
August 4, 2025**

# Overview of SMCTA ACR/TDM Grant Program

- SMCTA released a call for projects for the Measures A and W Alternative Congestion Relief (ACR)/Transportation Demand Management (TDM) Program.
- Eligible projects must provide congestion relief, increase sustainable transportation options, promote sustainability and health, encourage economic development opportunities, and invest funding equitably.
- Caltrain's application will support SMCTA's goals of reducing vehicle trips, improving access to transit, and encouraging long-term transit use.

# Expanding Access to Caltrain Through Updated Institutional Pass Program

## What will the grant support:

- Provide one-time enrollment incentive/price discount to new or eligible returning organizations
- Use to offset the potential revenue loss or cover the cost of the student passes to education institutions
- Support marketing, outreach and technical assistance to bring in new and returning clients

**Funding Request:** \$500,000 funding request, with a local match required of \$75,000.

# Board Action

Adopt Resolution to Support Caltrain's Application to the Cycle 3 Measure A Alternative Congestion Relief (ACR) and Measure W Transportation Demand Management (TDM) of San Mateo County Transportation Authority for:

- Total of \$575,000 to initiate the **Expanding Access to Caltrain Through Updated Institutional Pass Program**
