Caltrain Right of Way Safety Strategy (General Updates)

- **Update Threat and Vulnerability Assessment (TVA):** Develop an updated corridor-wide TVA that explicitly covers trespass, suicide risk, and grade crossing hazards, incorporating FRA tools and Caltrain data. *Site visits are completed, report to be completed by end of 2026.*
- **Update Grade Crossing Hazard Assessment:** Update Hazard Assessment using FRA accident prediction data and local crash/trespass history to rank crossings for separation, closure, or enhancement. *Project awarded, 20 Grade Crossings have been evaluated thus far, evaluation continuing through September, report to be completed by end of 2026 .*

Engineering Updates (Means Restriction)

- Fencing Repairs Continue – 35 locations repaired this year
- *500 Linear Ft. of Fencing to be replaced beginning in mid-October*
- Vegetation Control efforts – Utilizing on-call arborist and vegetation removal specialists: *focused on sightlines at Grade Crossings for users (pedestrians, bicyclists, motorists), Visibility of Railroad Signals, OCS and dynamic envelope clearance, tree and limb failure, fire risk and access control locations*
- Continued work on baseline improvements – Future prioritization will be based on section 130 grant funding and Grade Crossing Hazard Analysis recommendations

Education Updates (External Safety Communication)

Continue to Partner and develop new relationship with Operation Lifesaver and local jurisdictions, including:

- Felton Institute
- NAMI San Mateo County
- Palo Alto VA
- Operation Lifesaver California
- JED Foundation

Rail Safety Month Activities:

- September 2 (7 am -12 pm): Rail Safety Month Kick-off Event at San Jose Diridon
